

Relative amounts of glycolytic metabolites

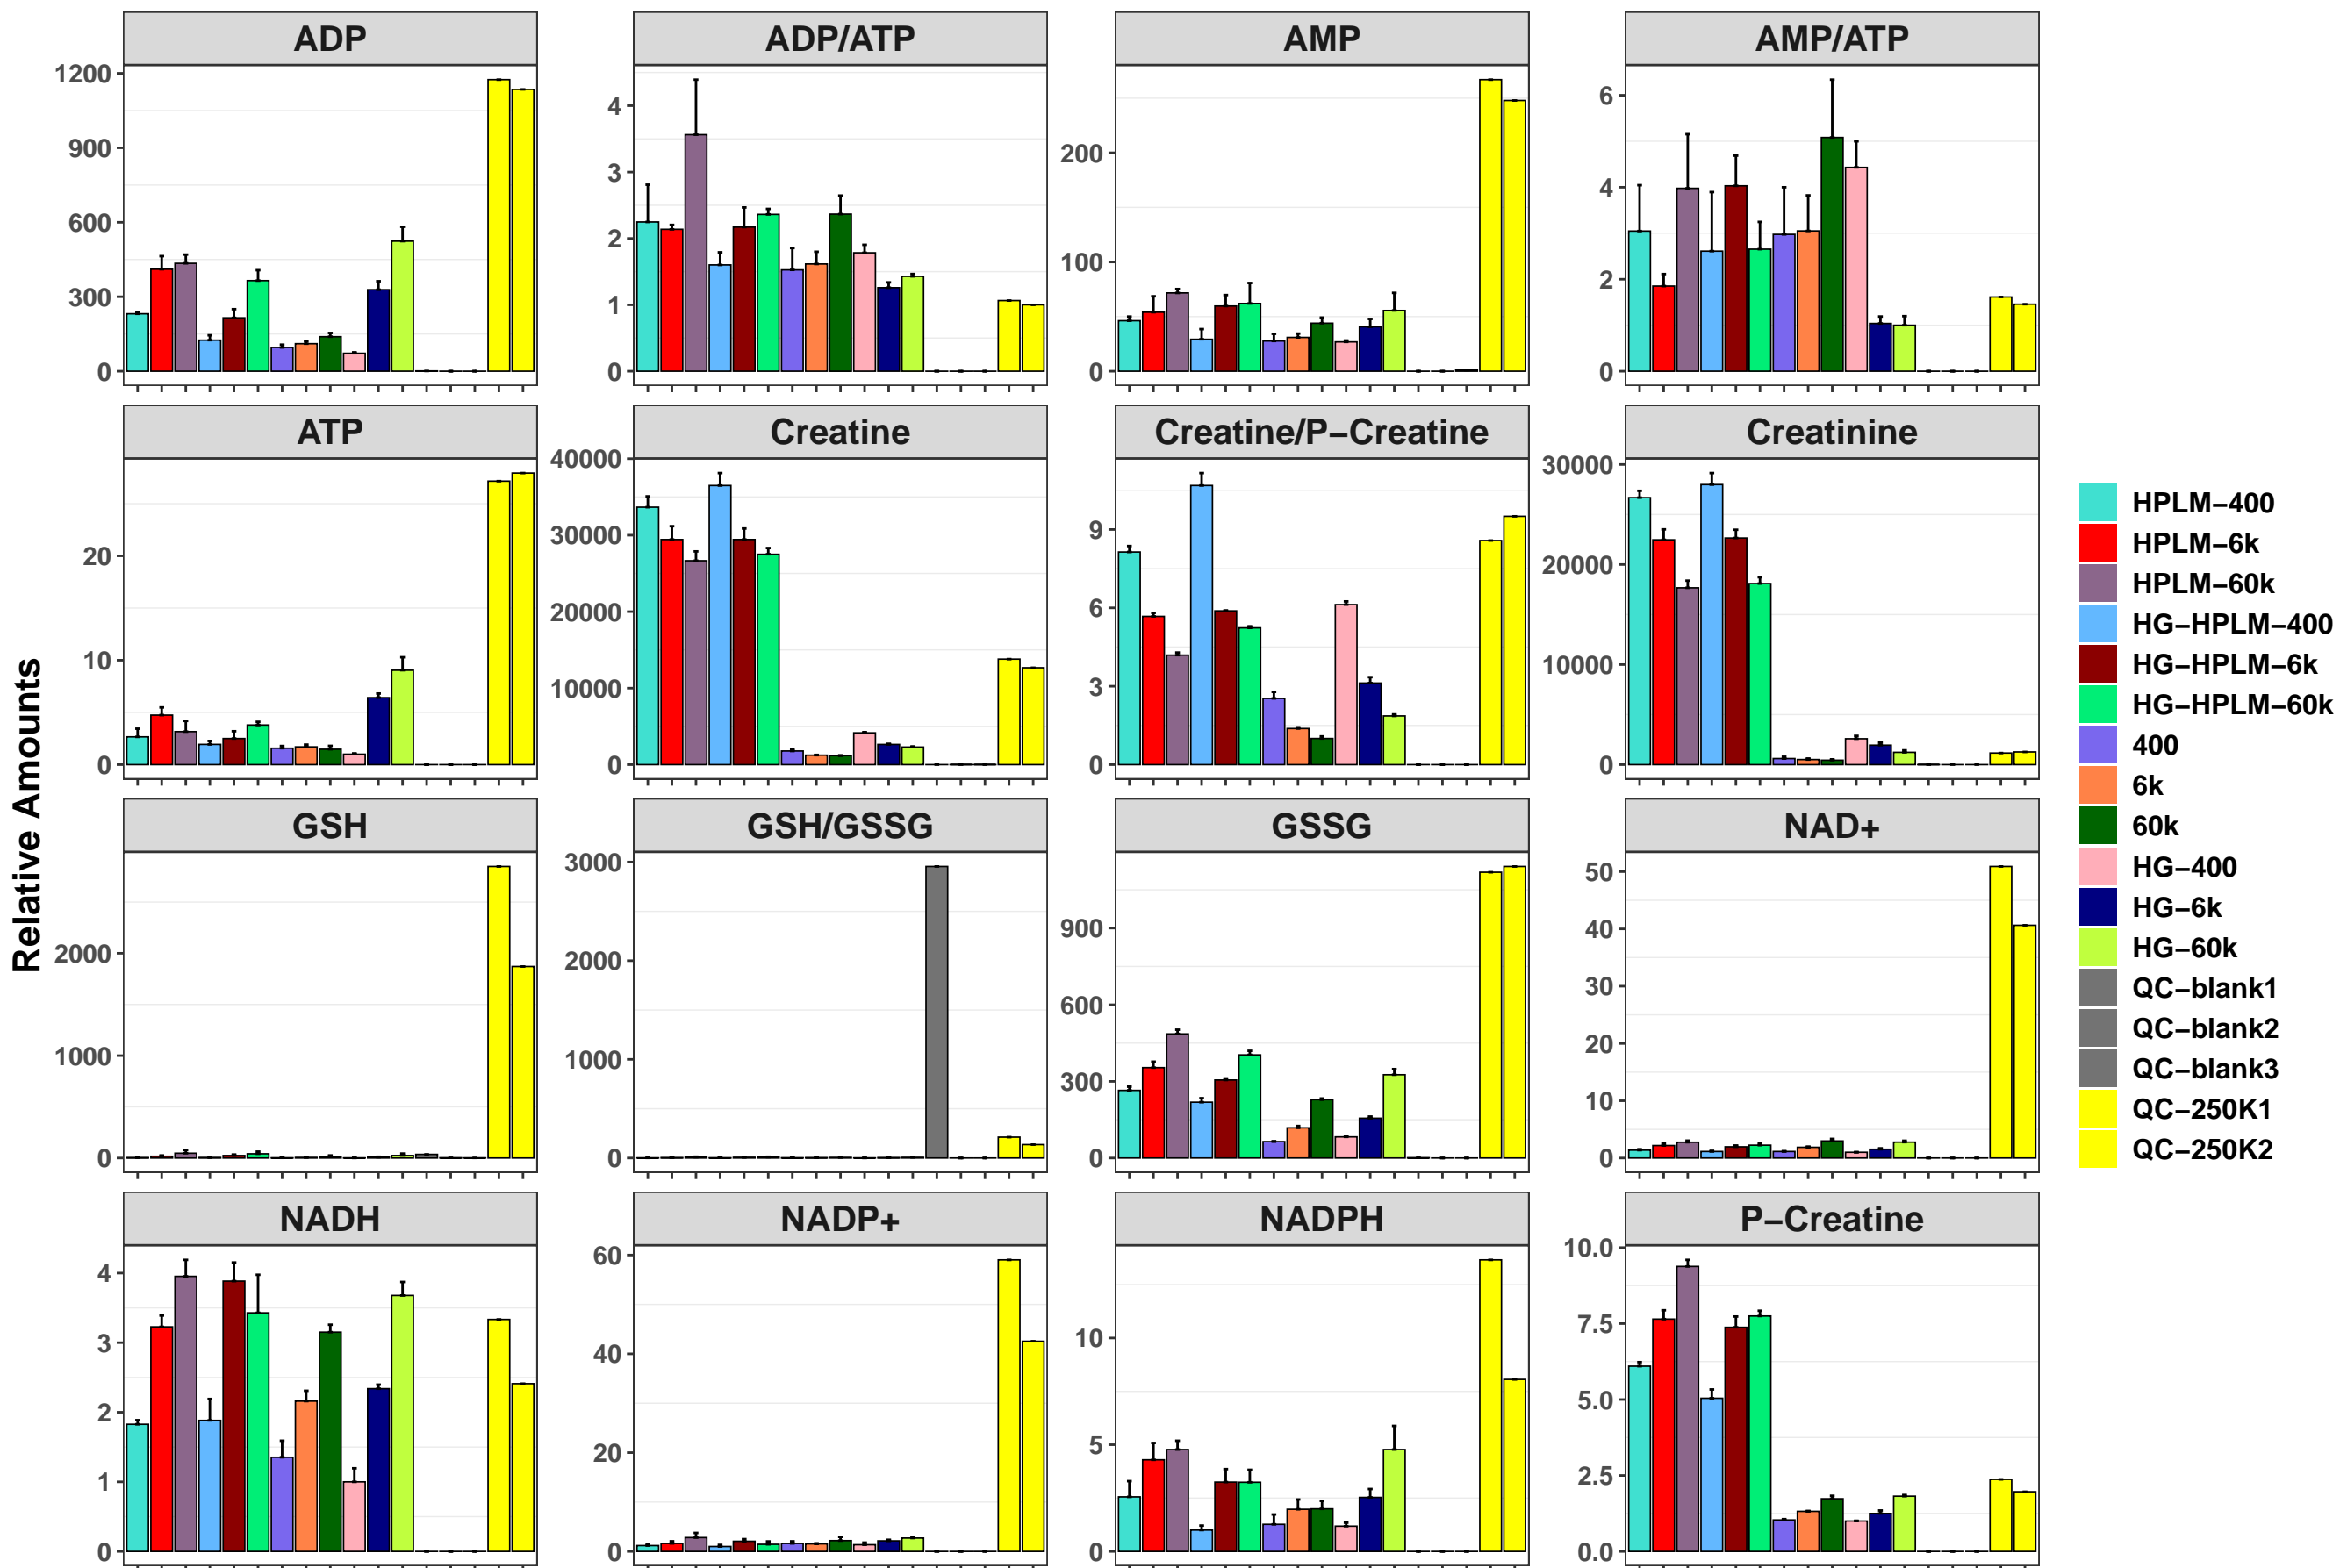

Relative amounts of TCA metabolites

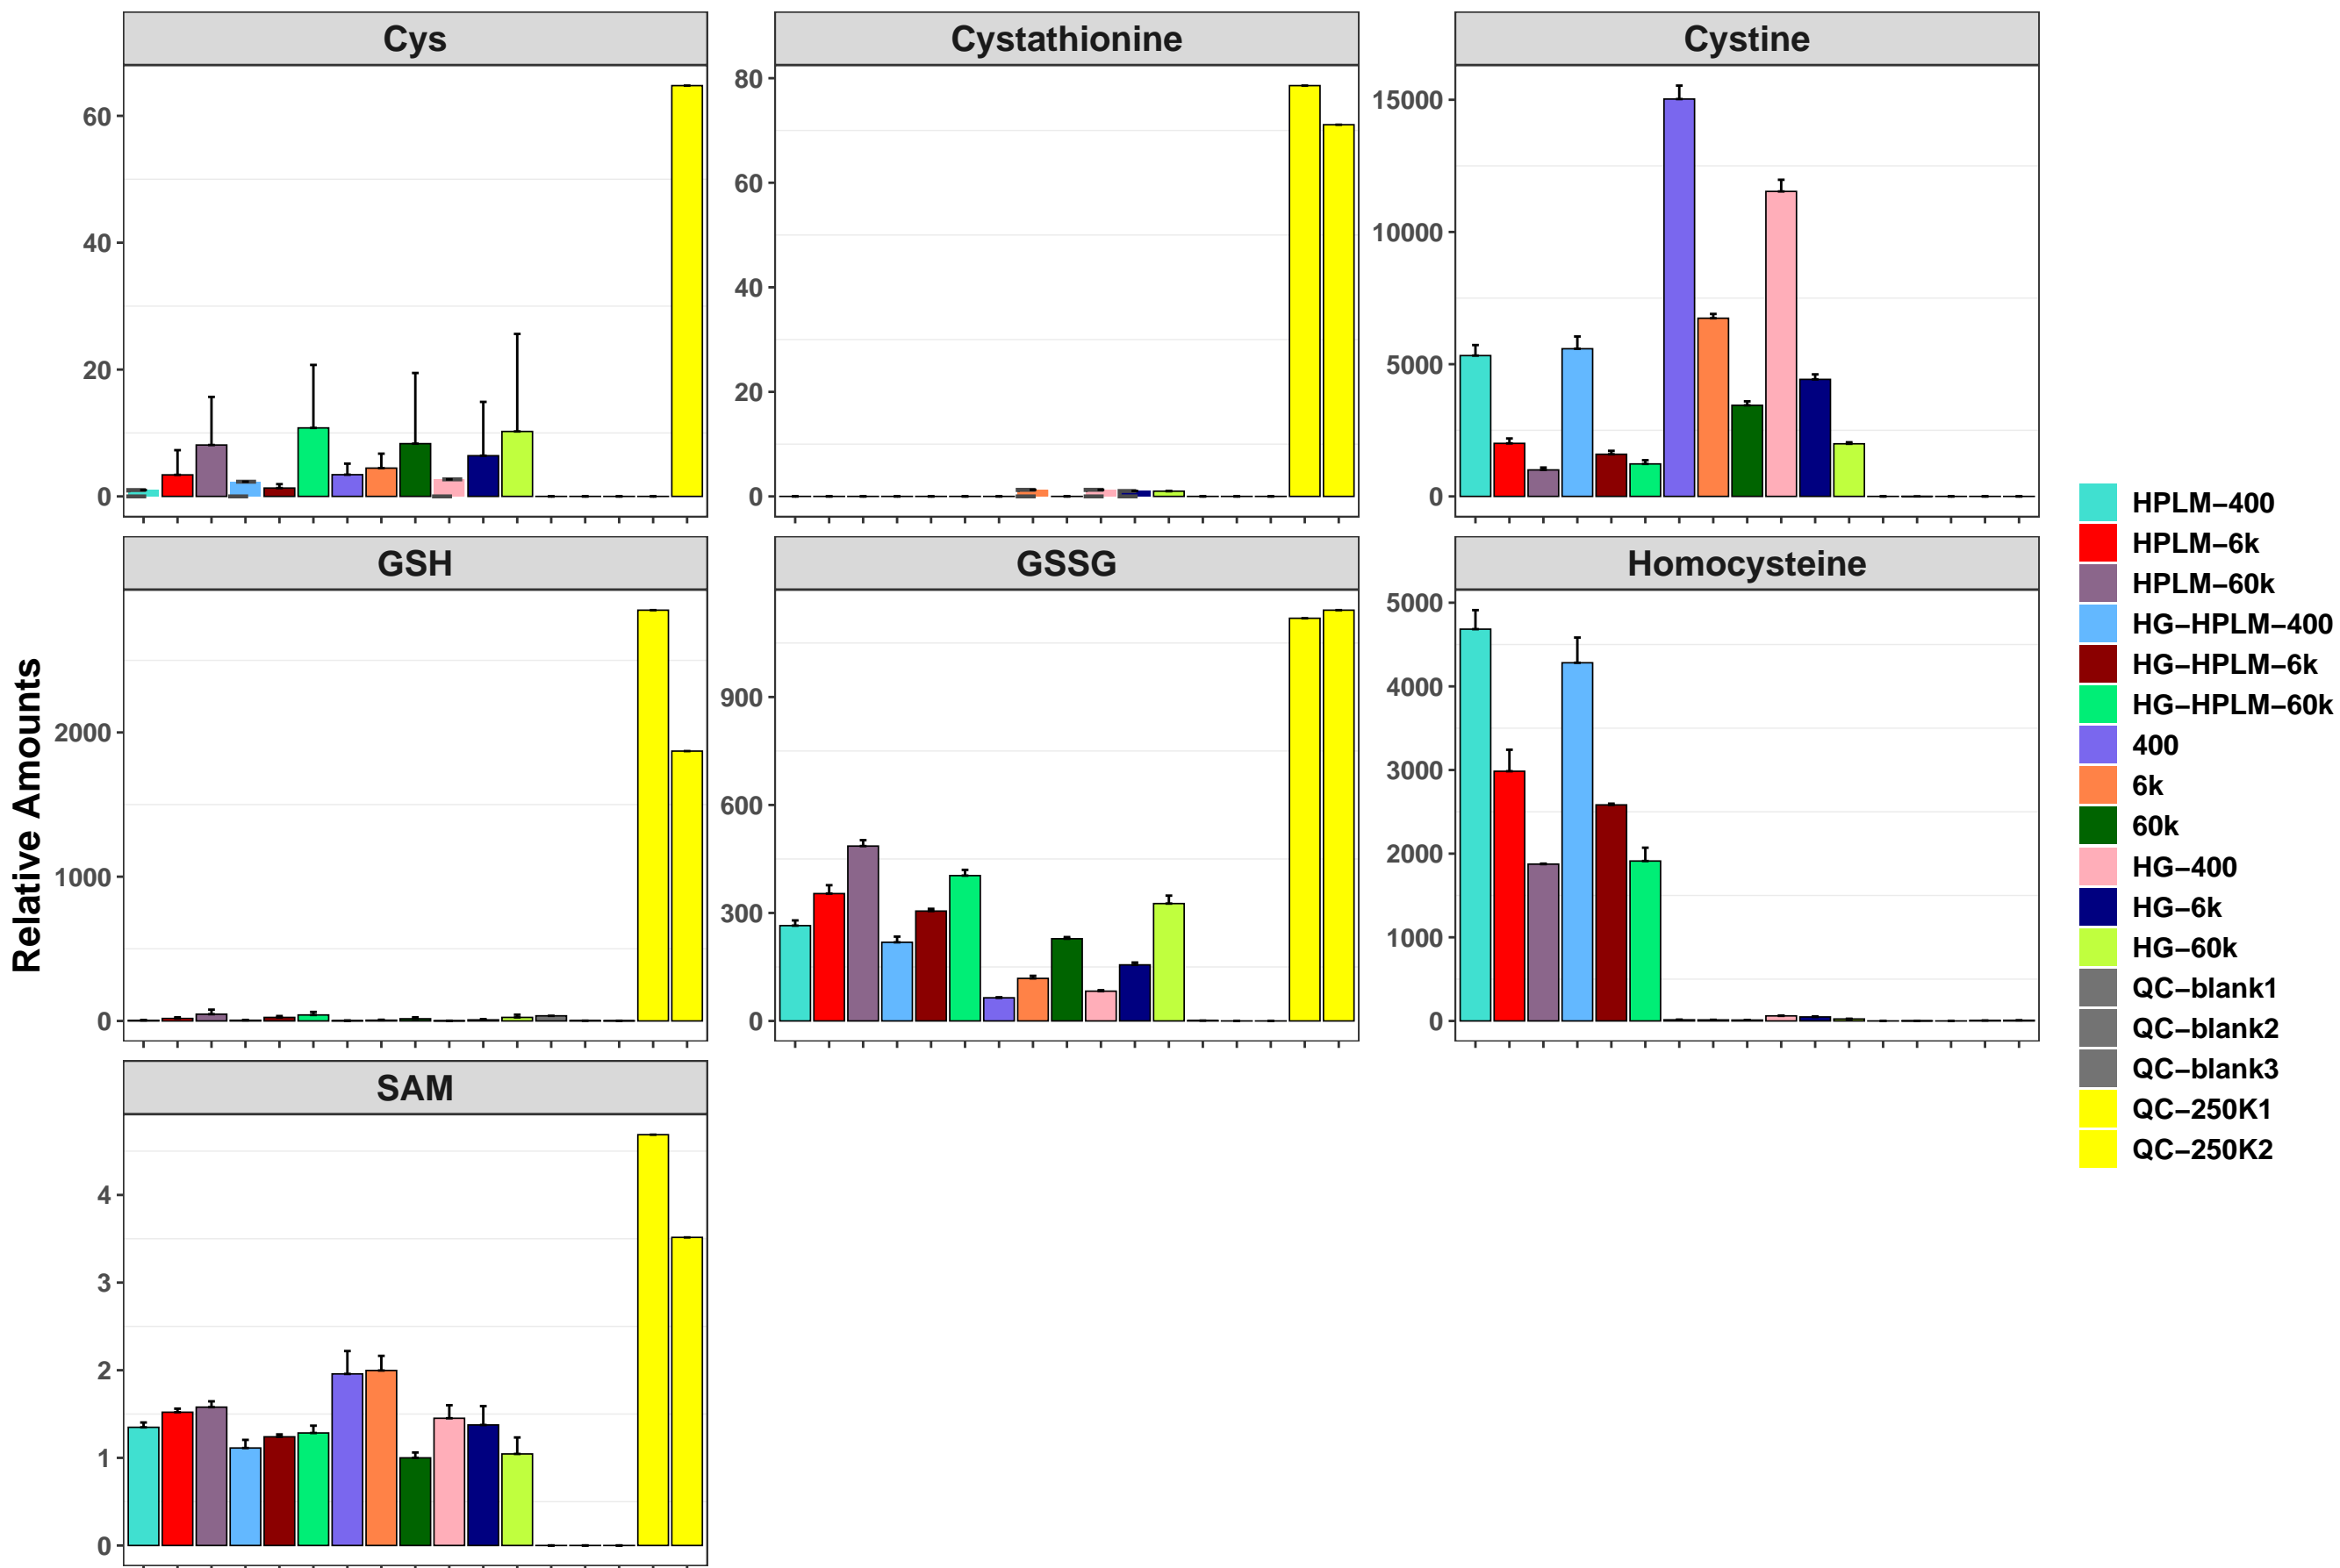

Relative amounts of PPP metabolites

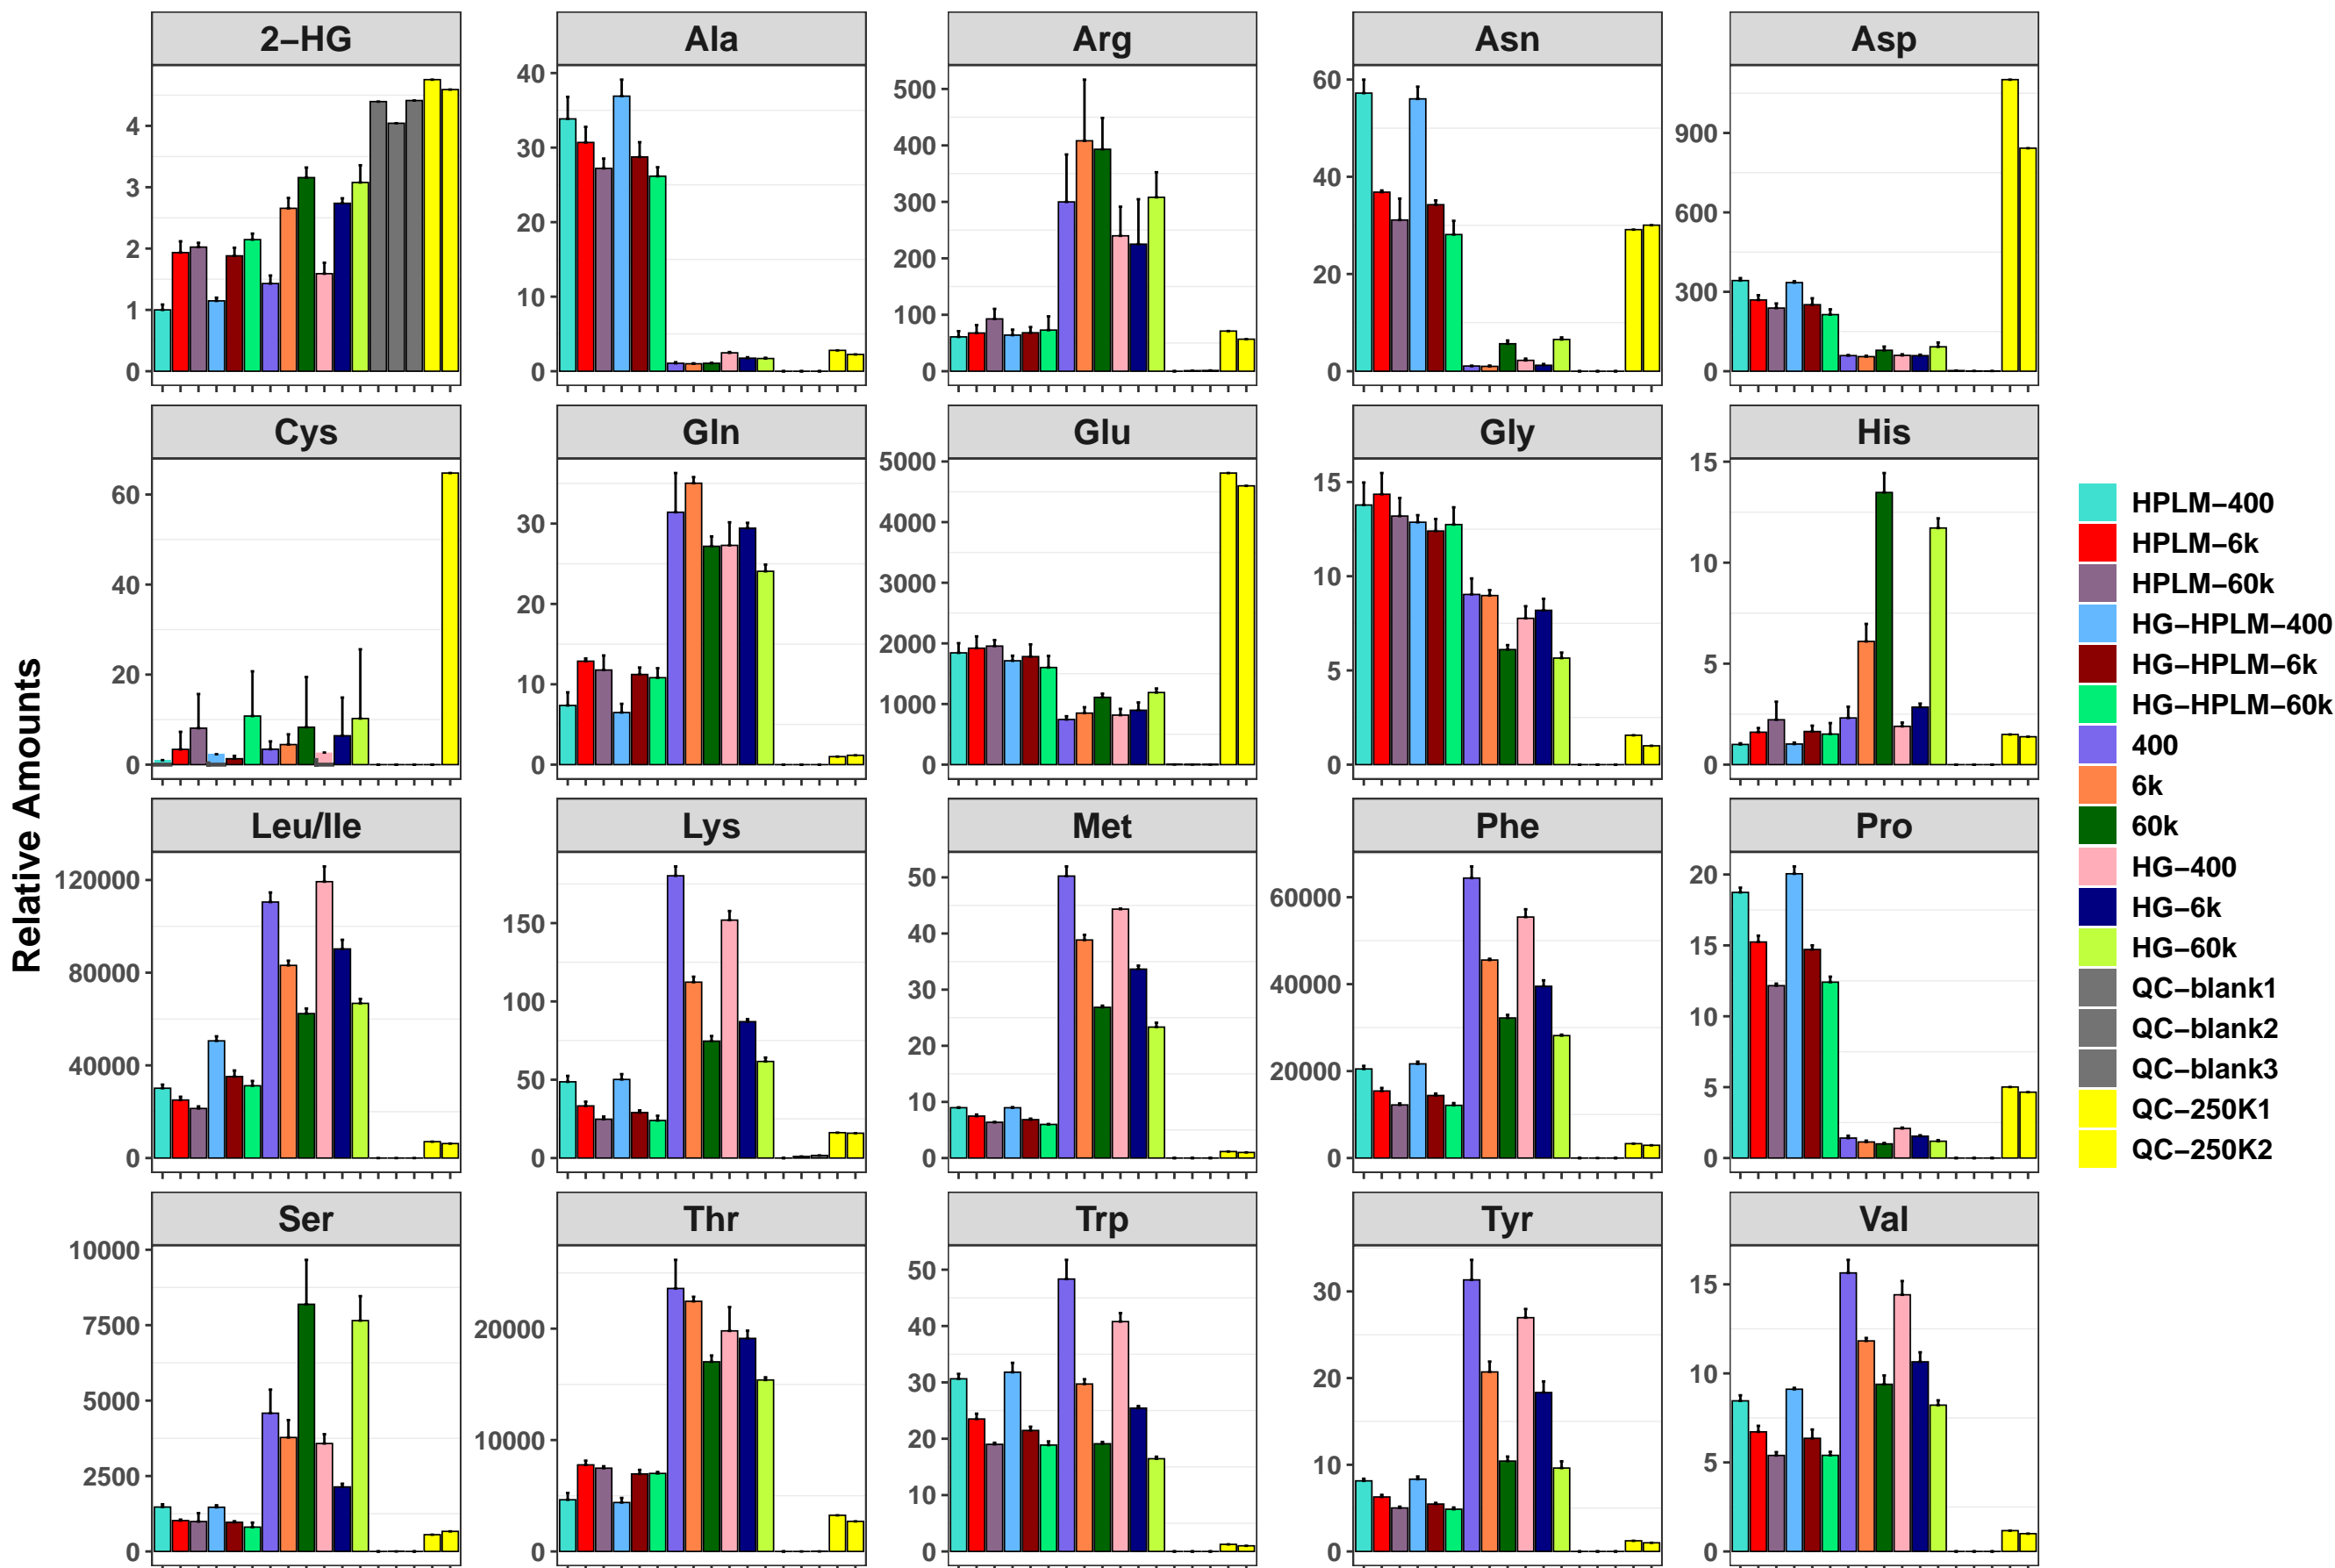

Relative amounts of Currency metabolites

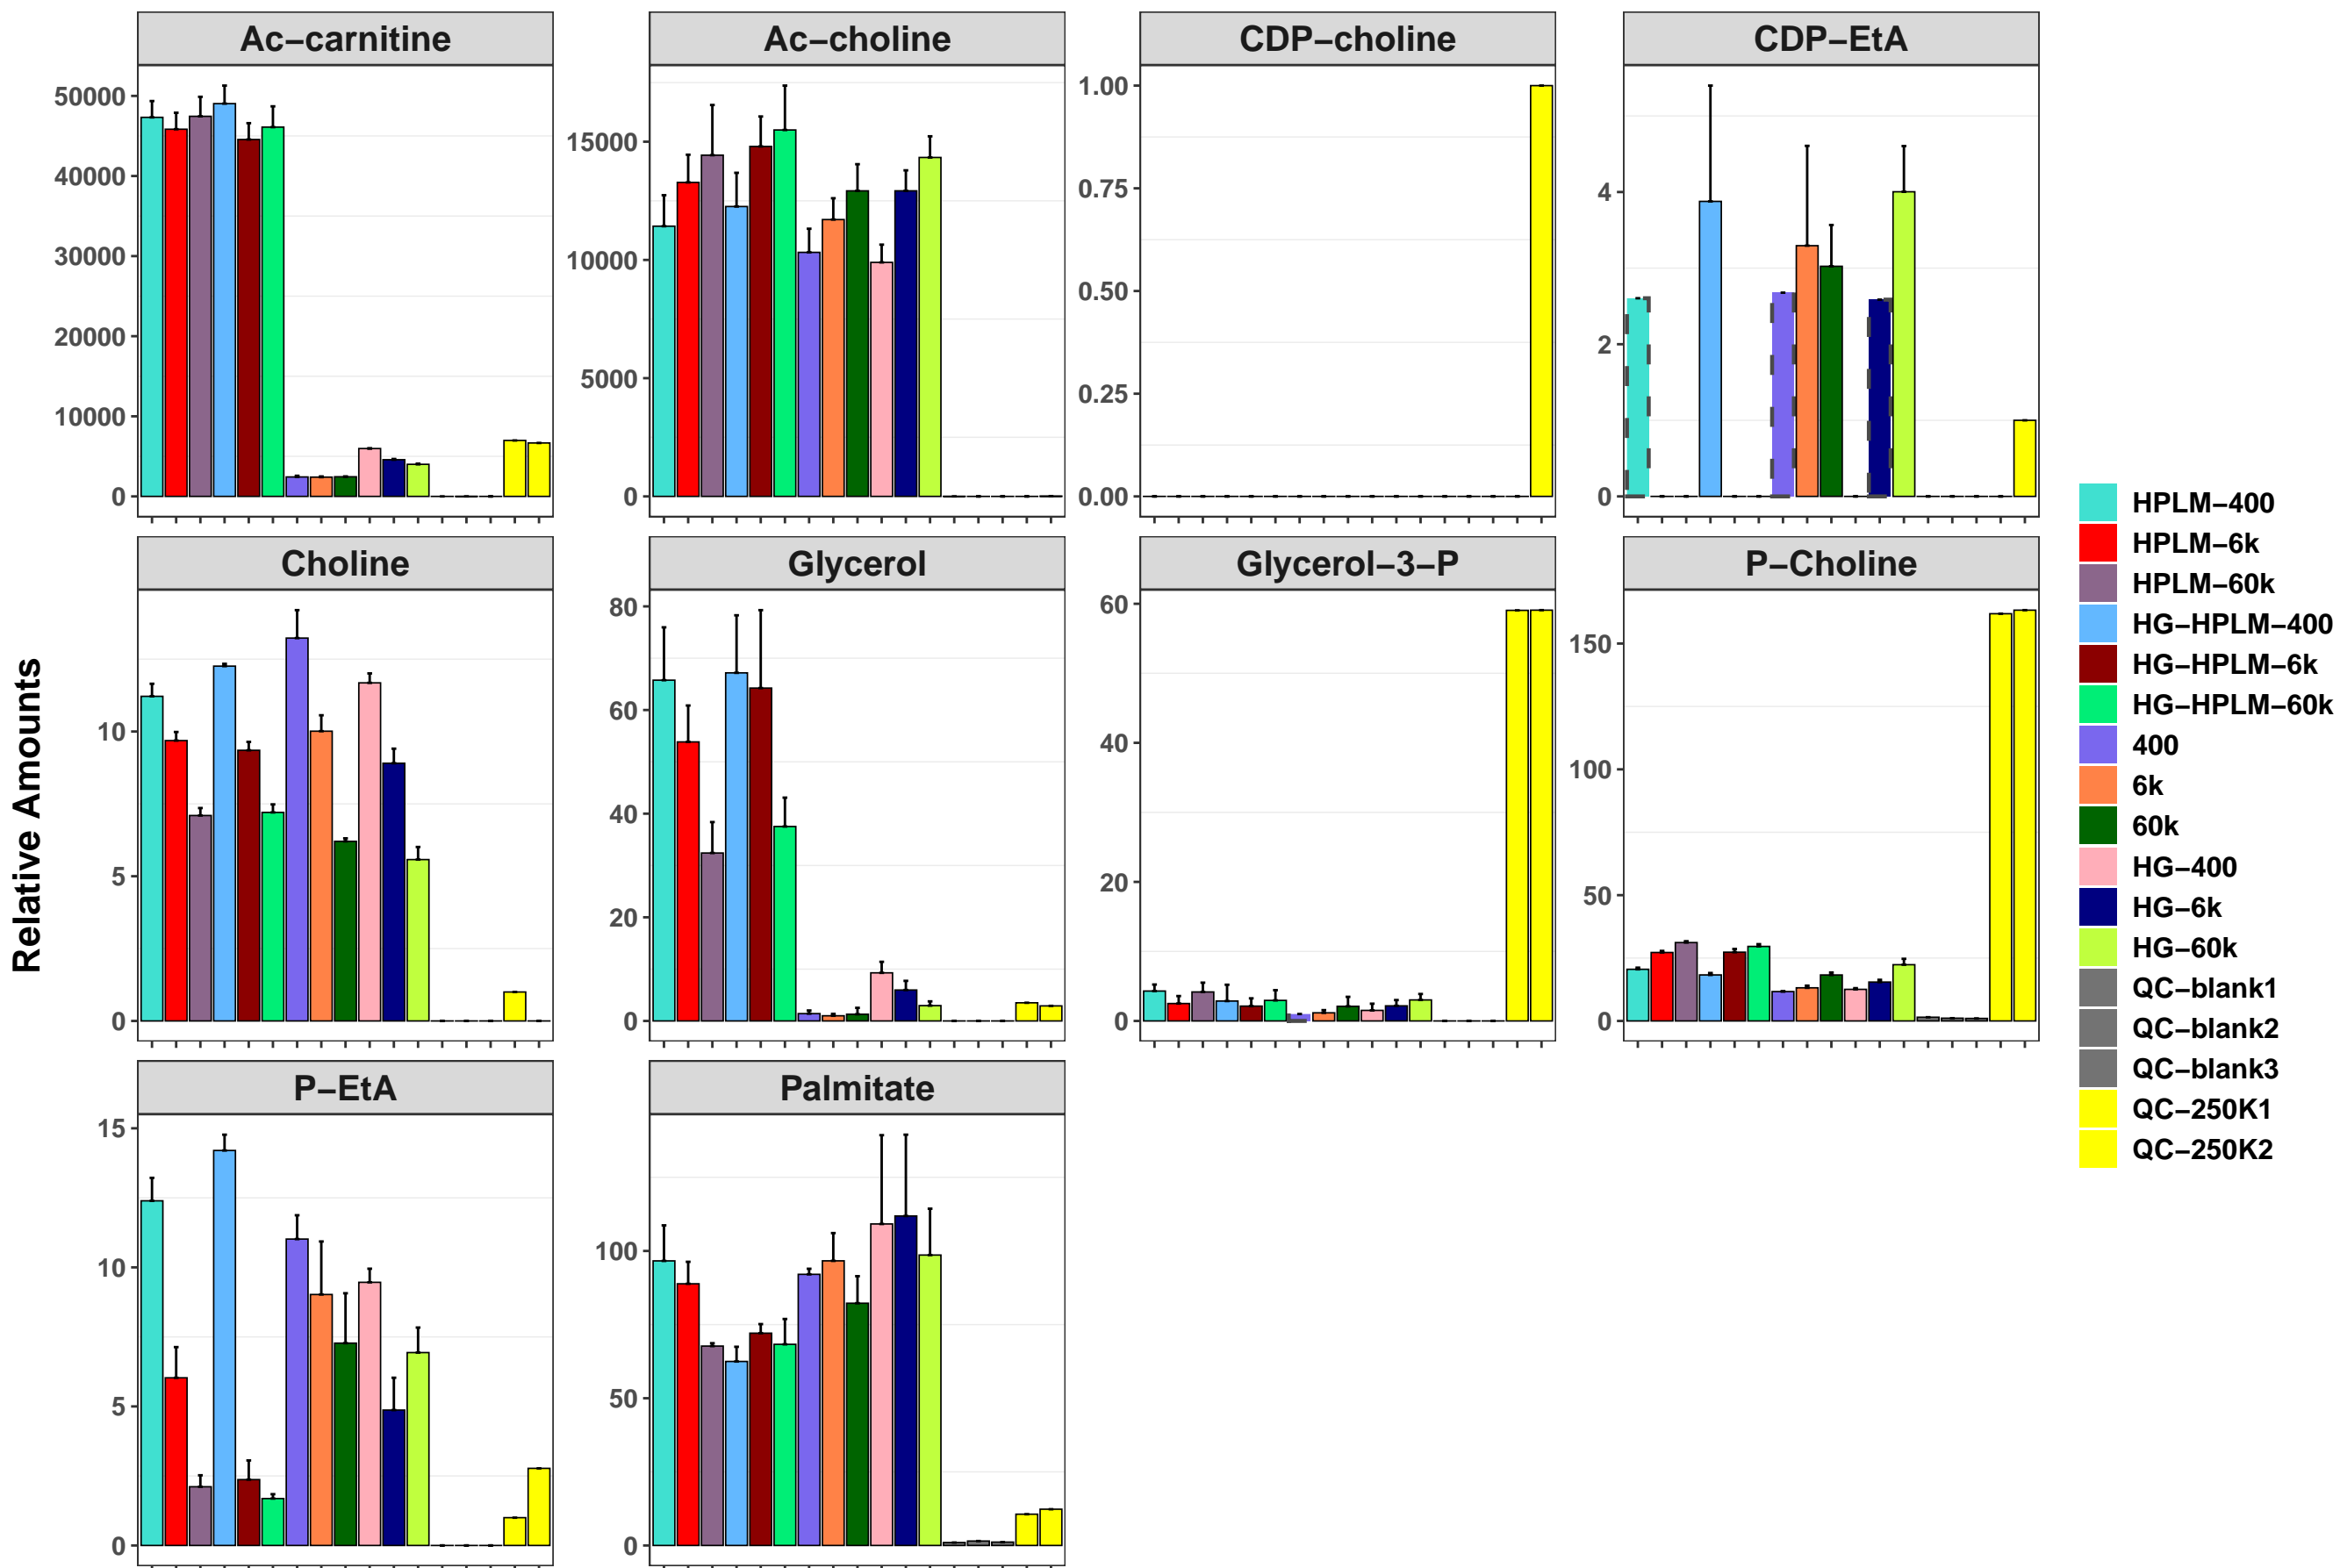

Relative amounts of Cysteine metabolites

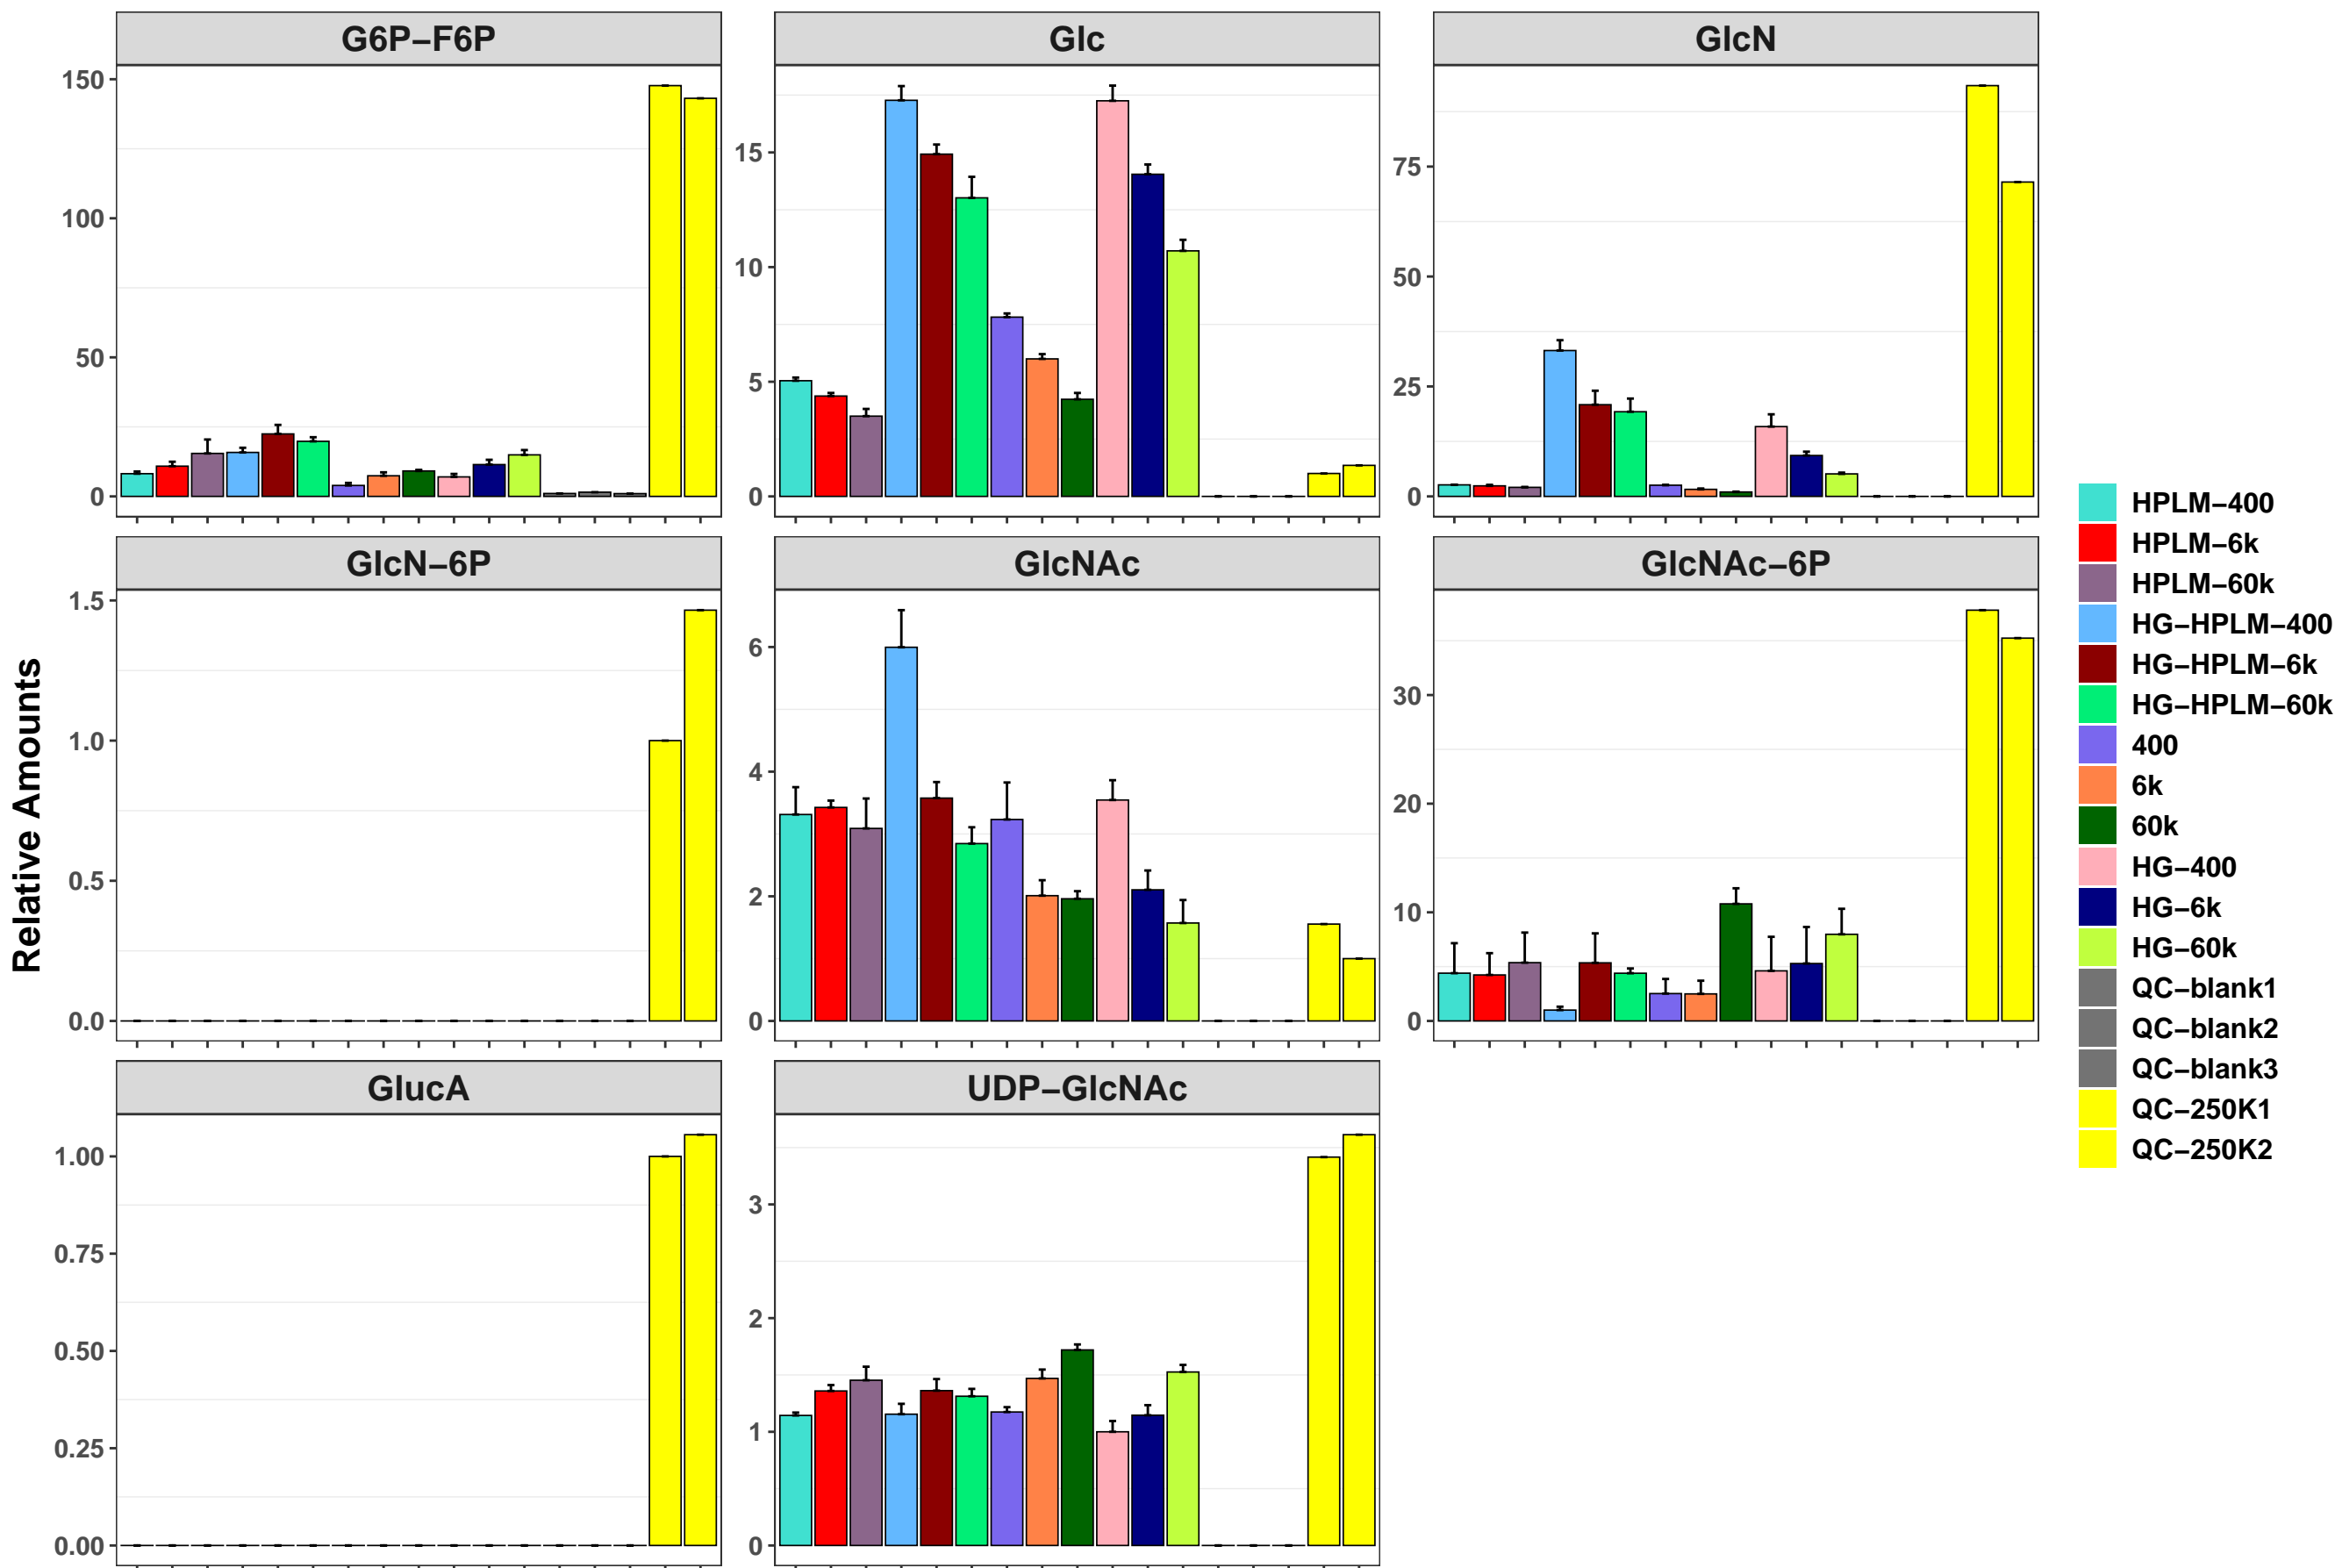

Relative amounts of Amino Acids

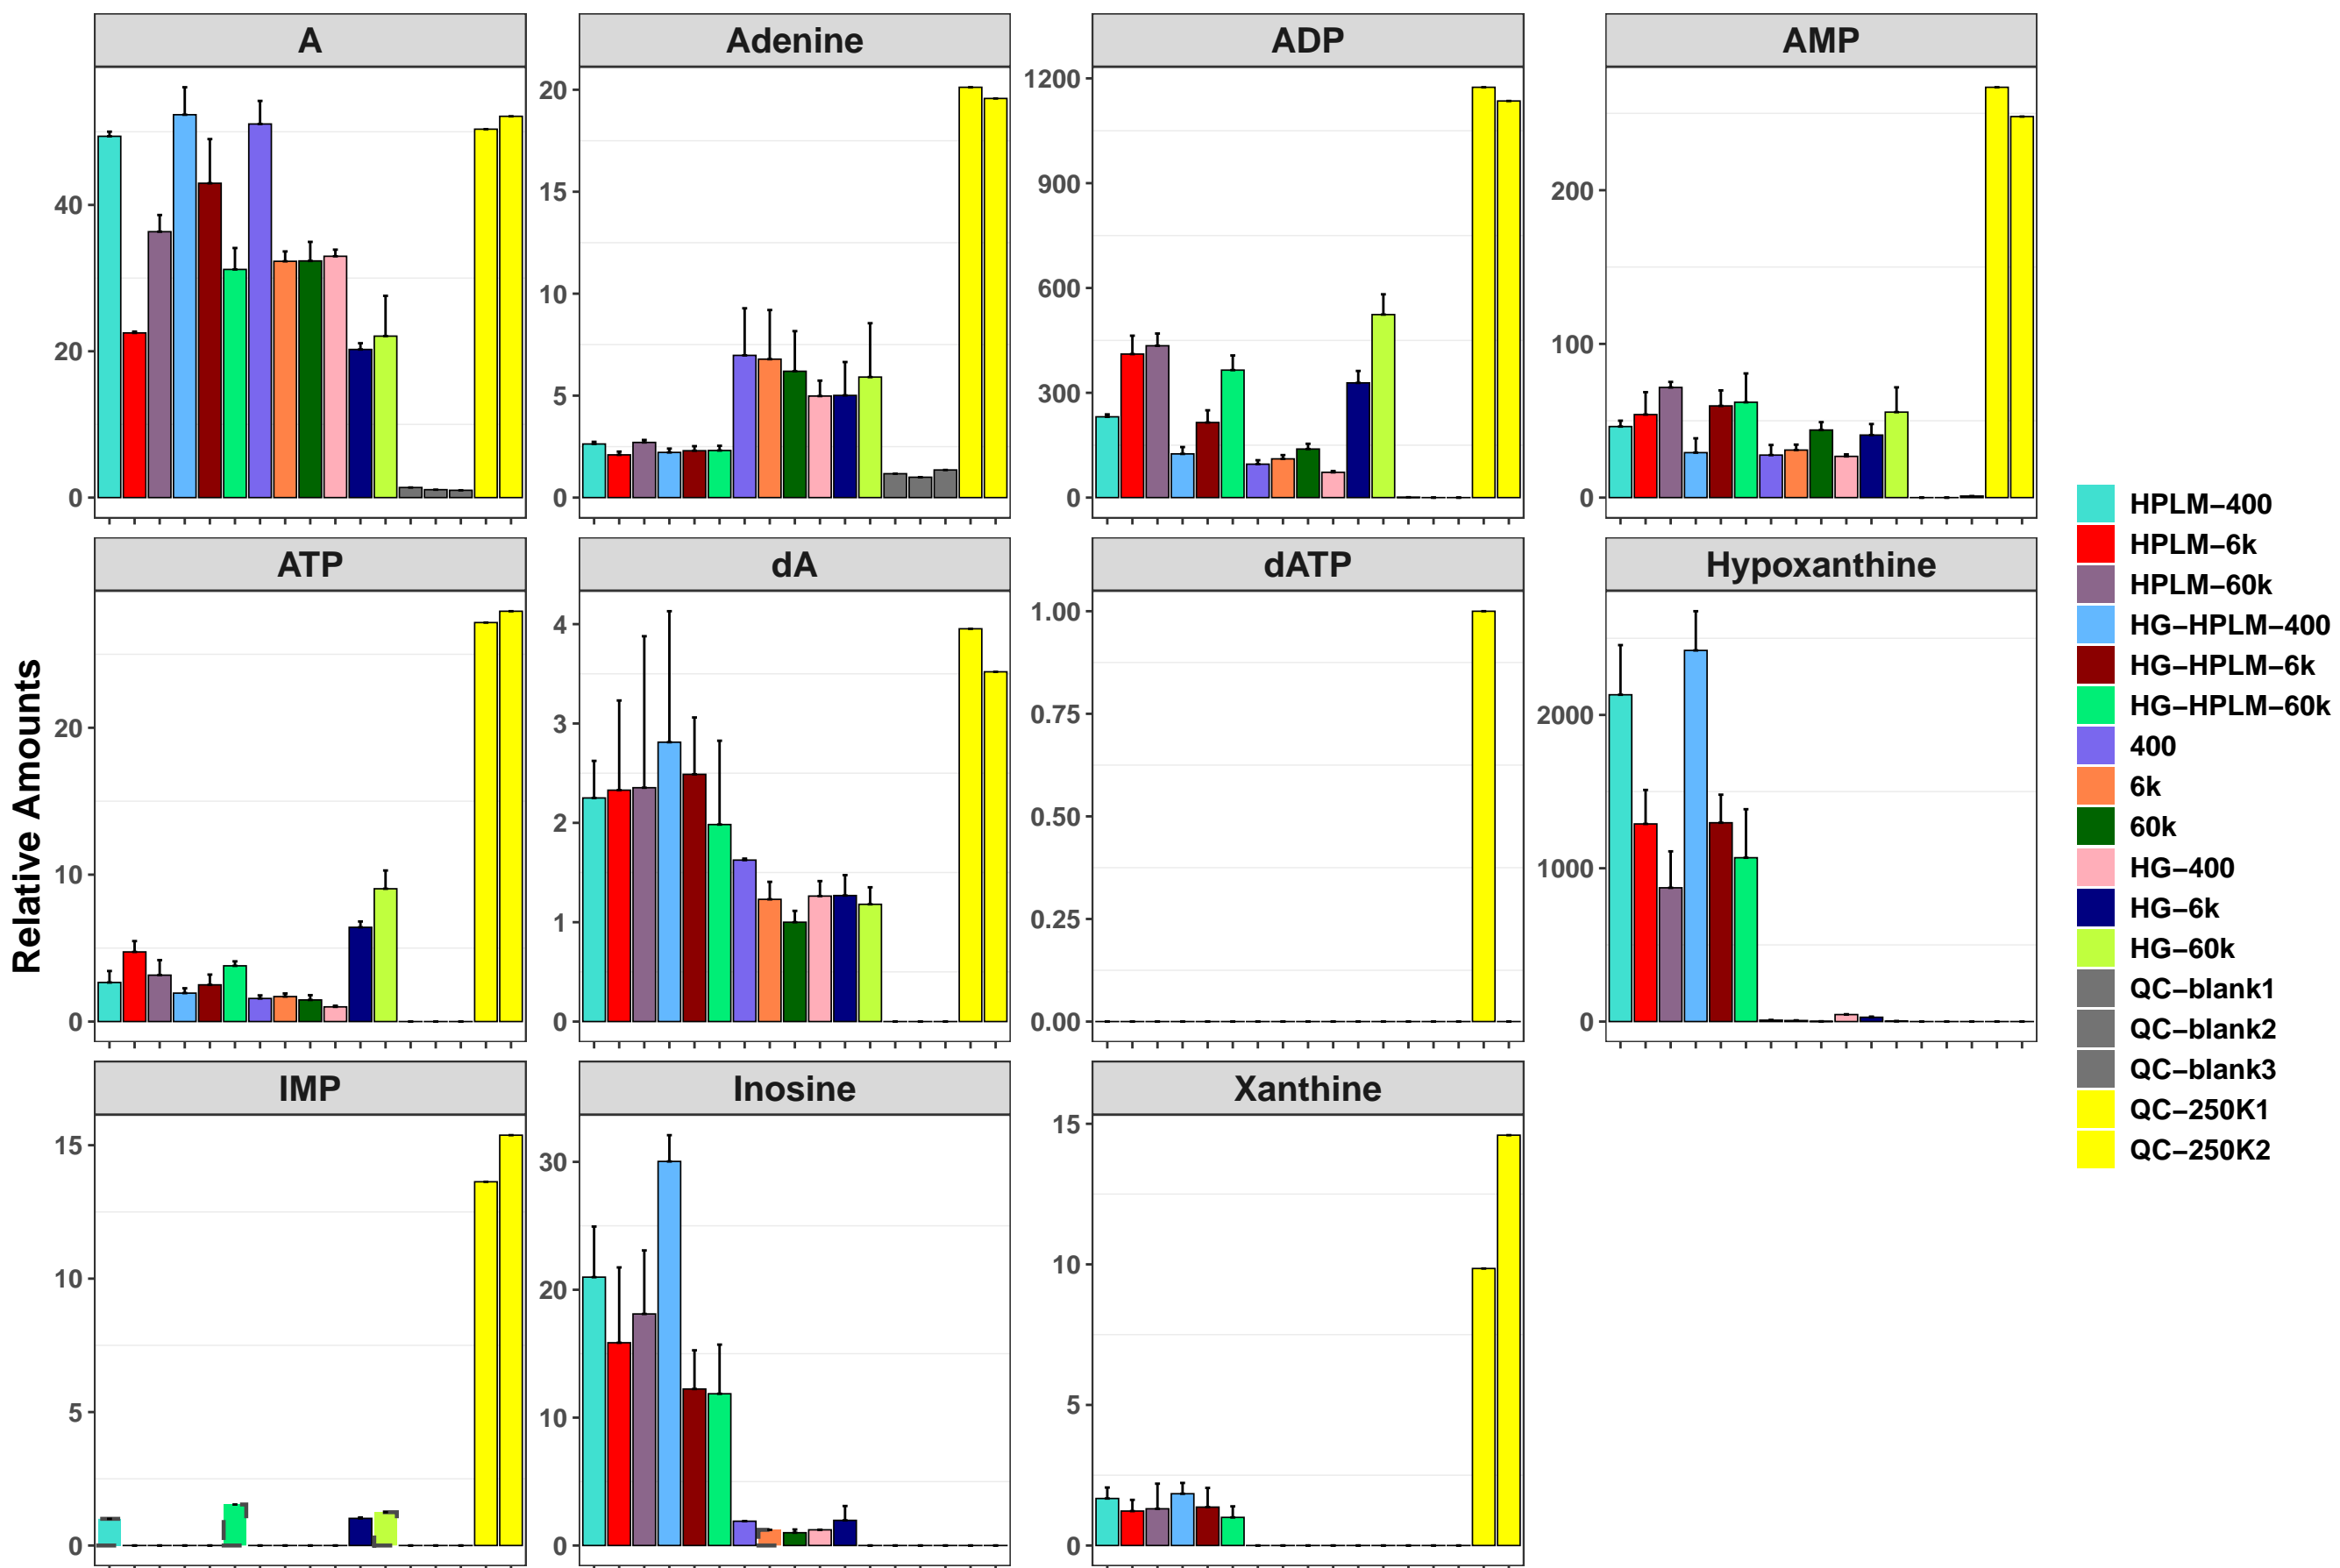

Relative amounts of Fatty Acids intermediates

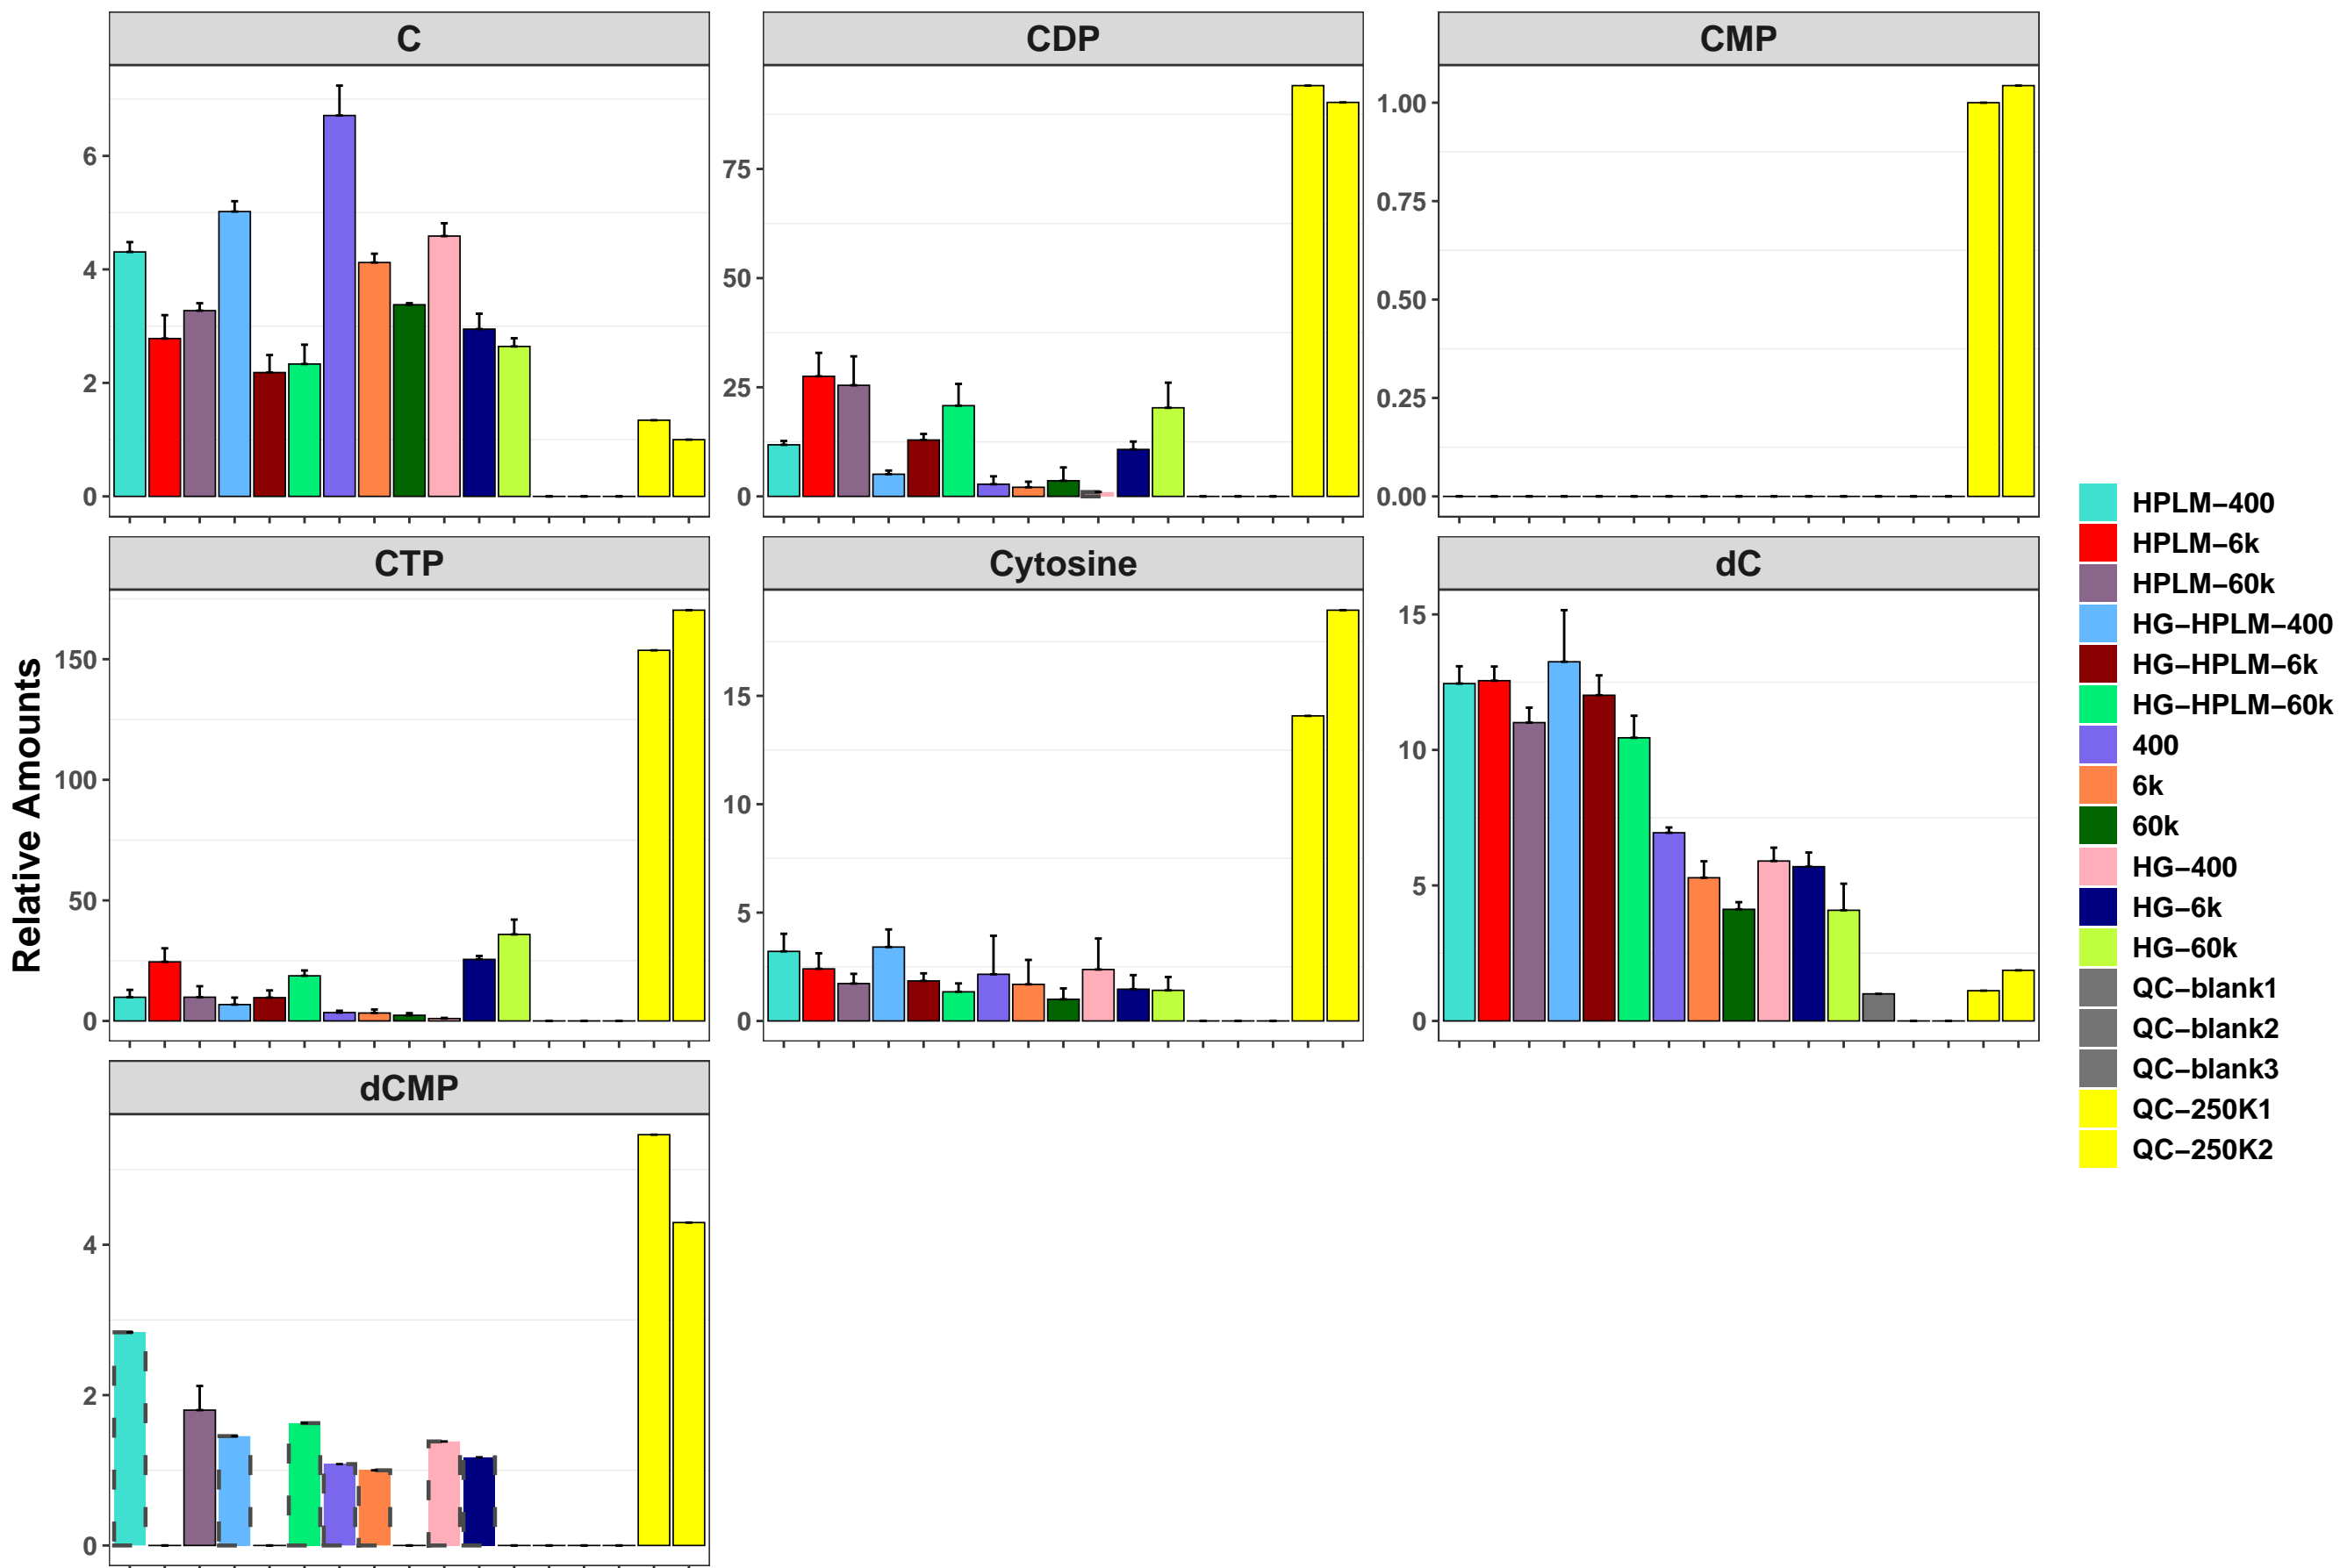

Relative amounts of Hexosamine metabolites

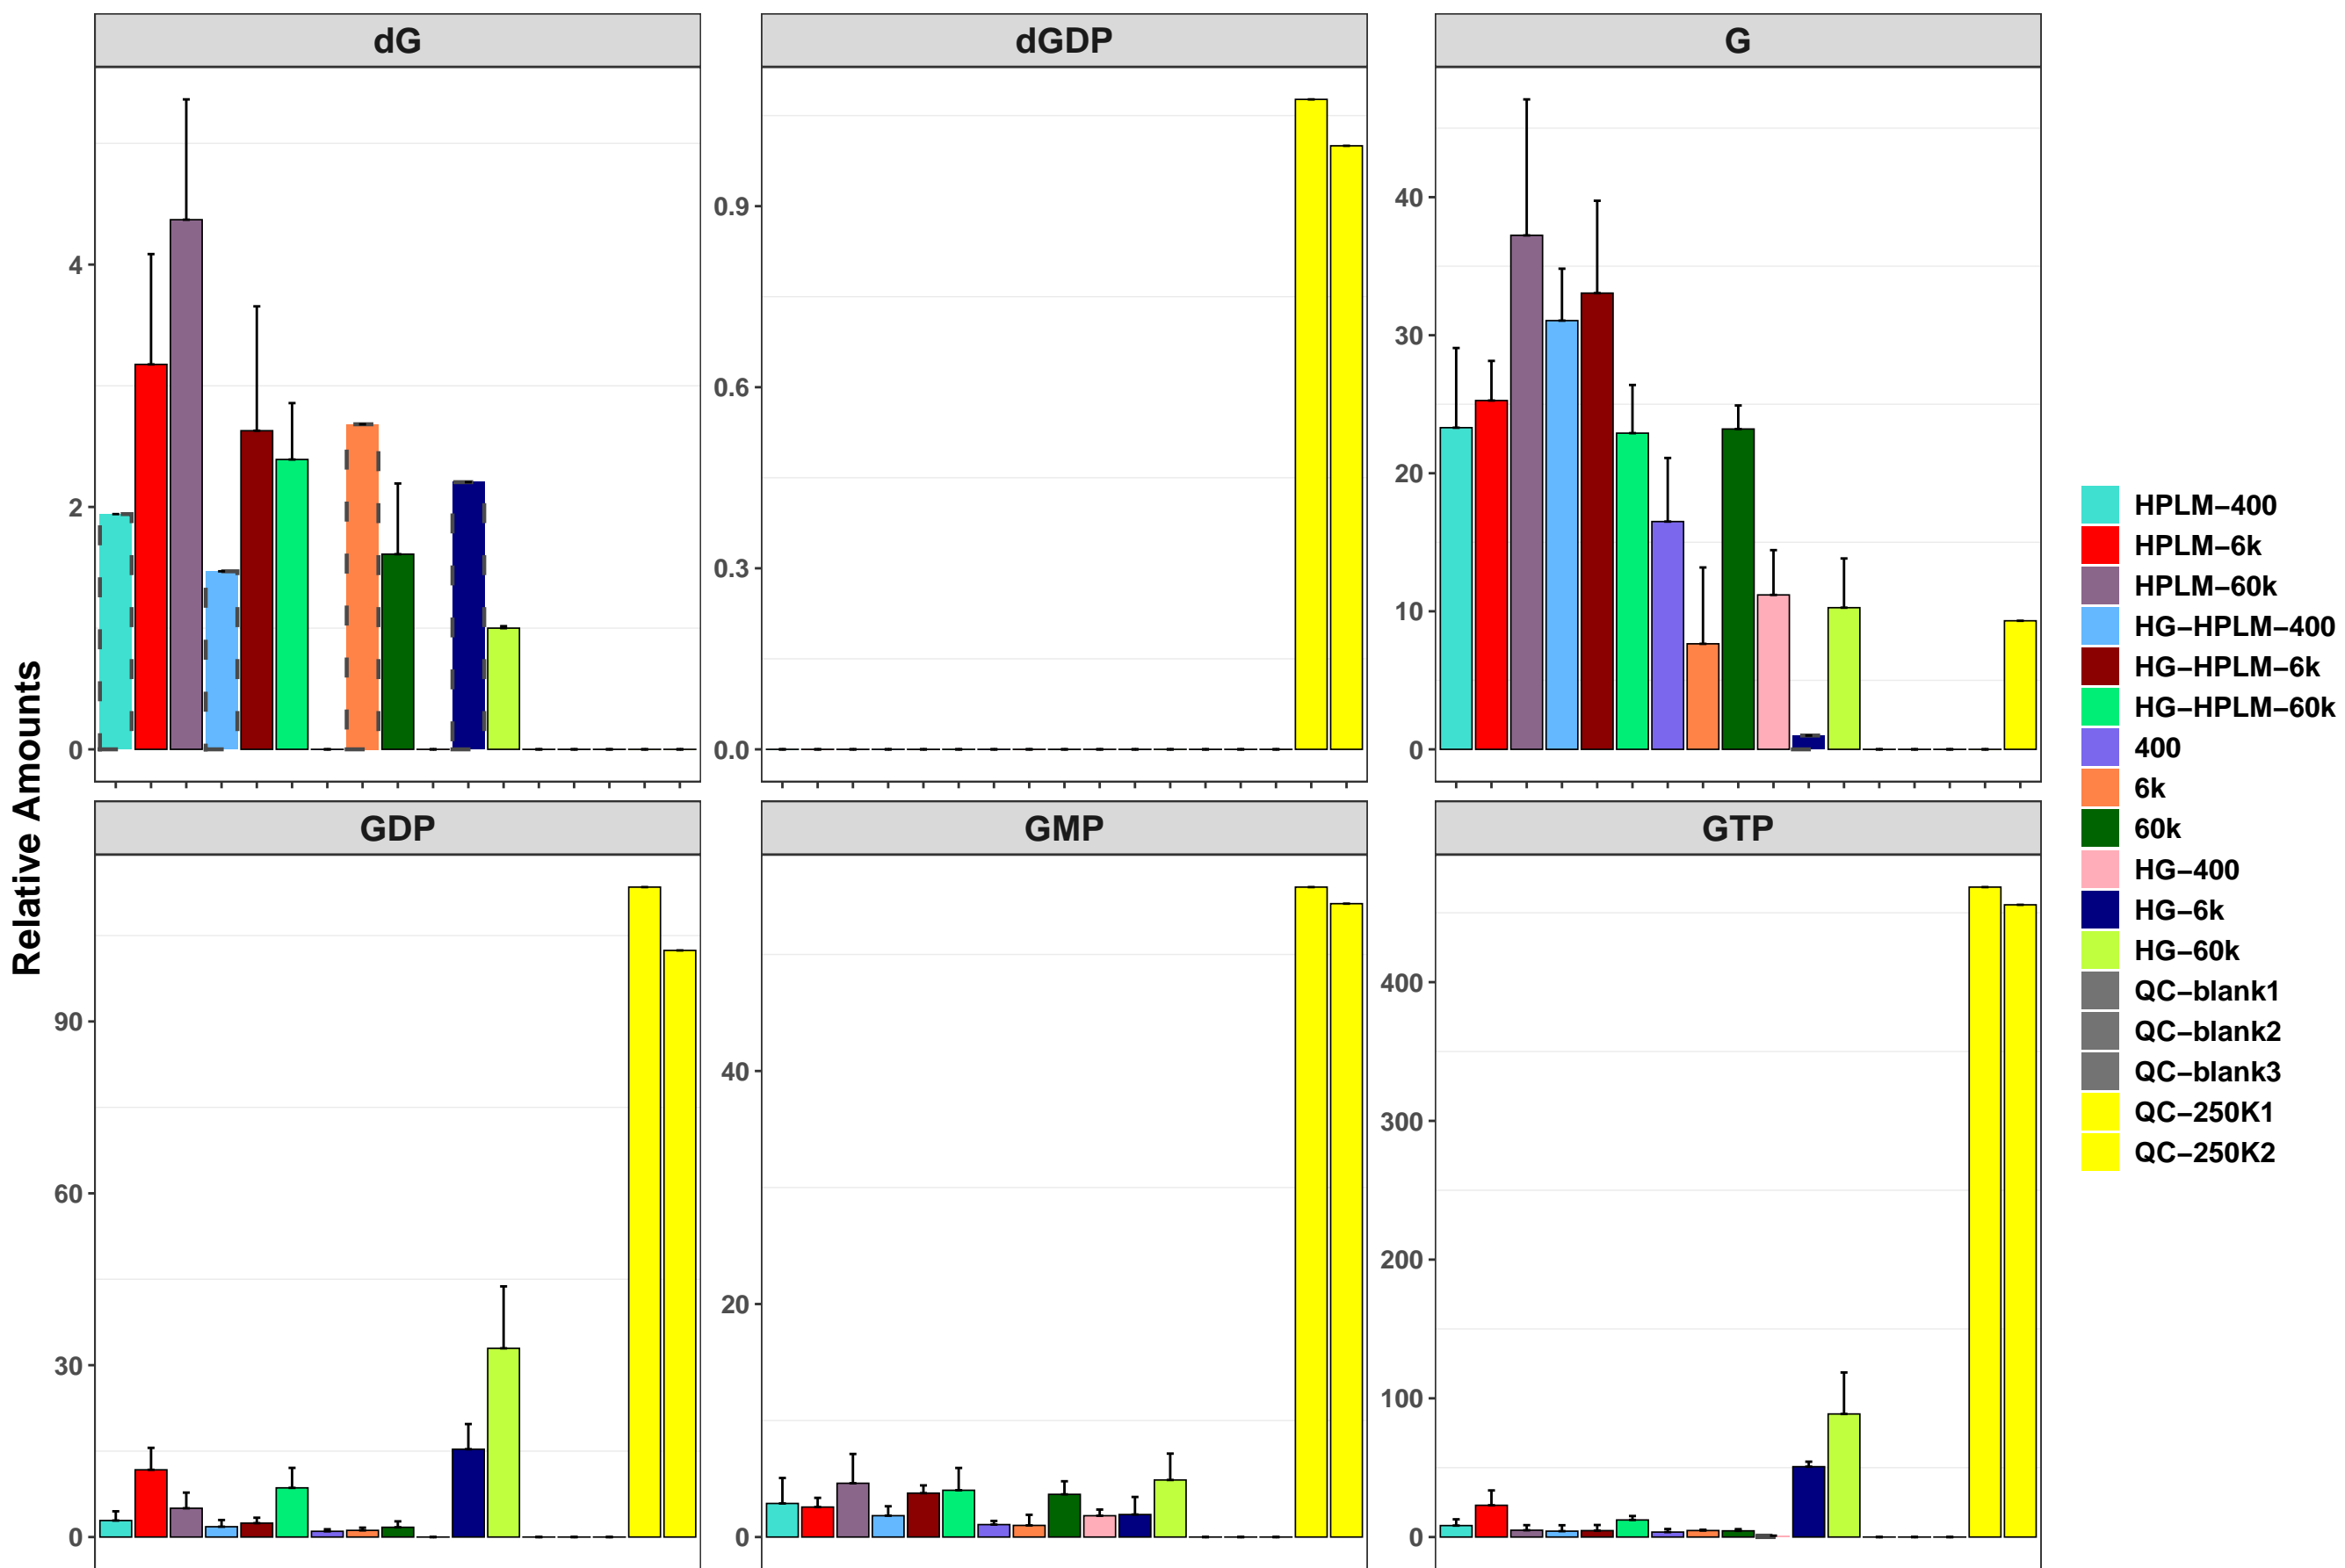

Relative amounts of Adenosine derivatives

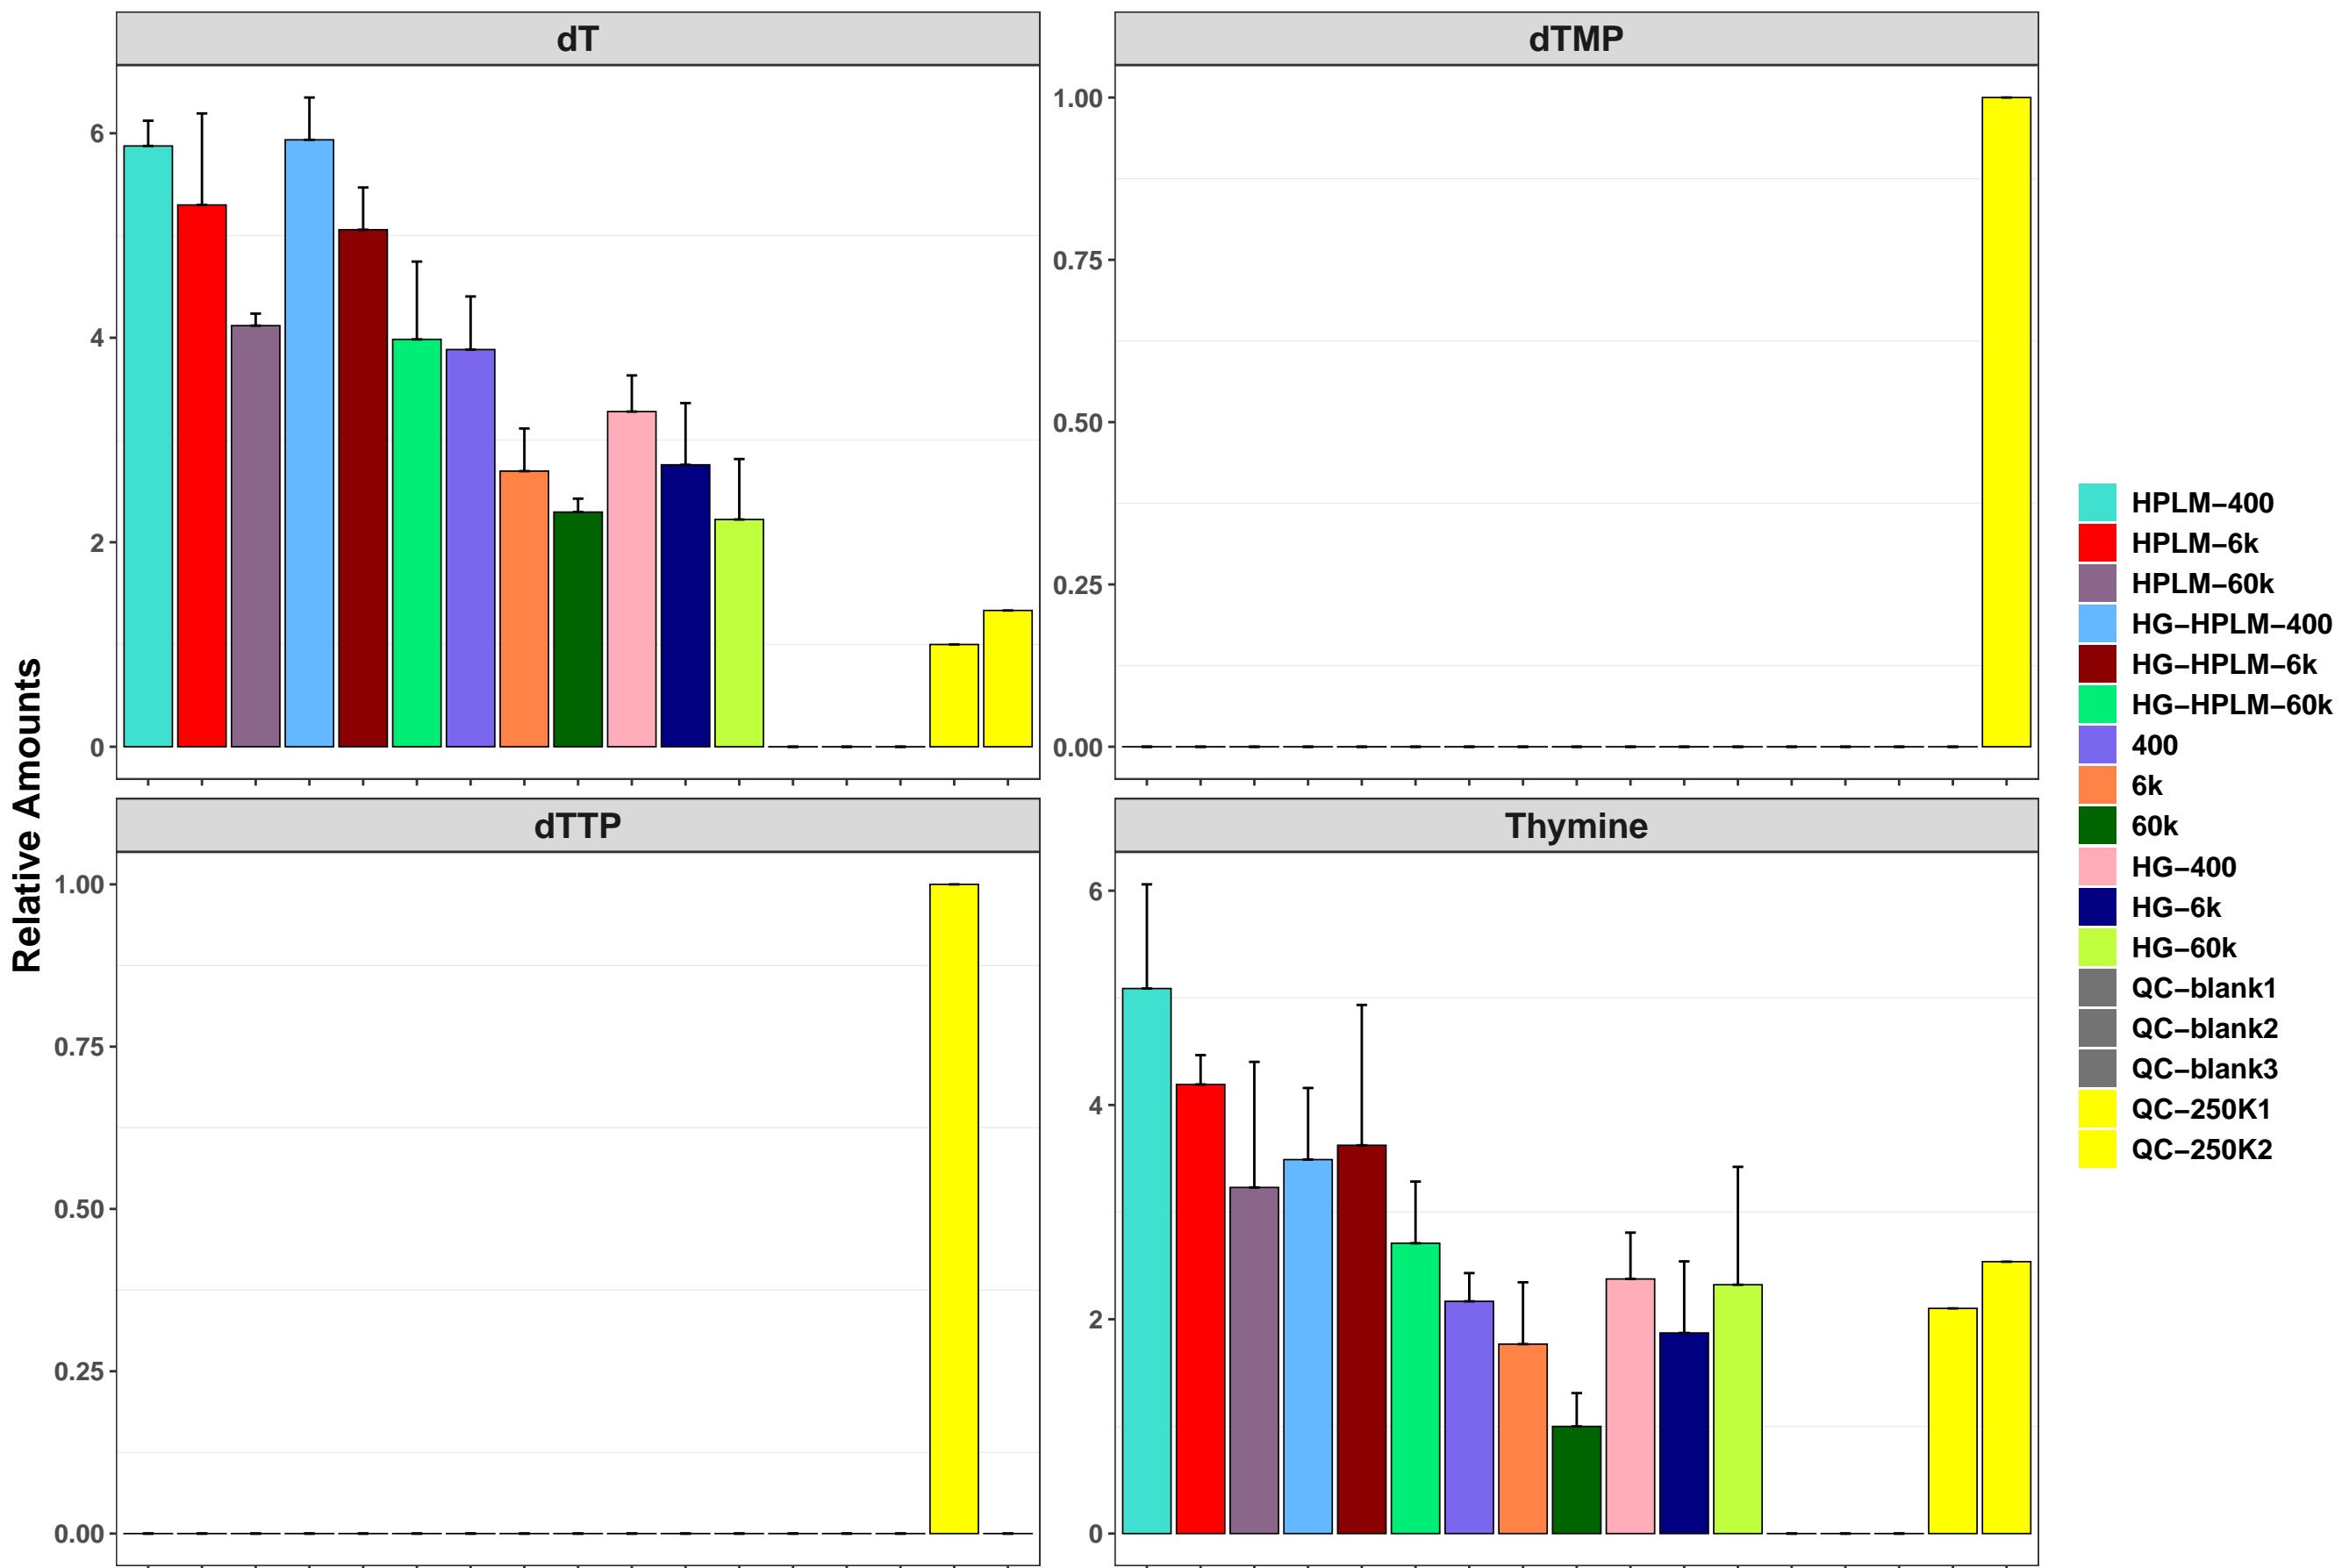

Relative amounts of Cytidine derivatives

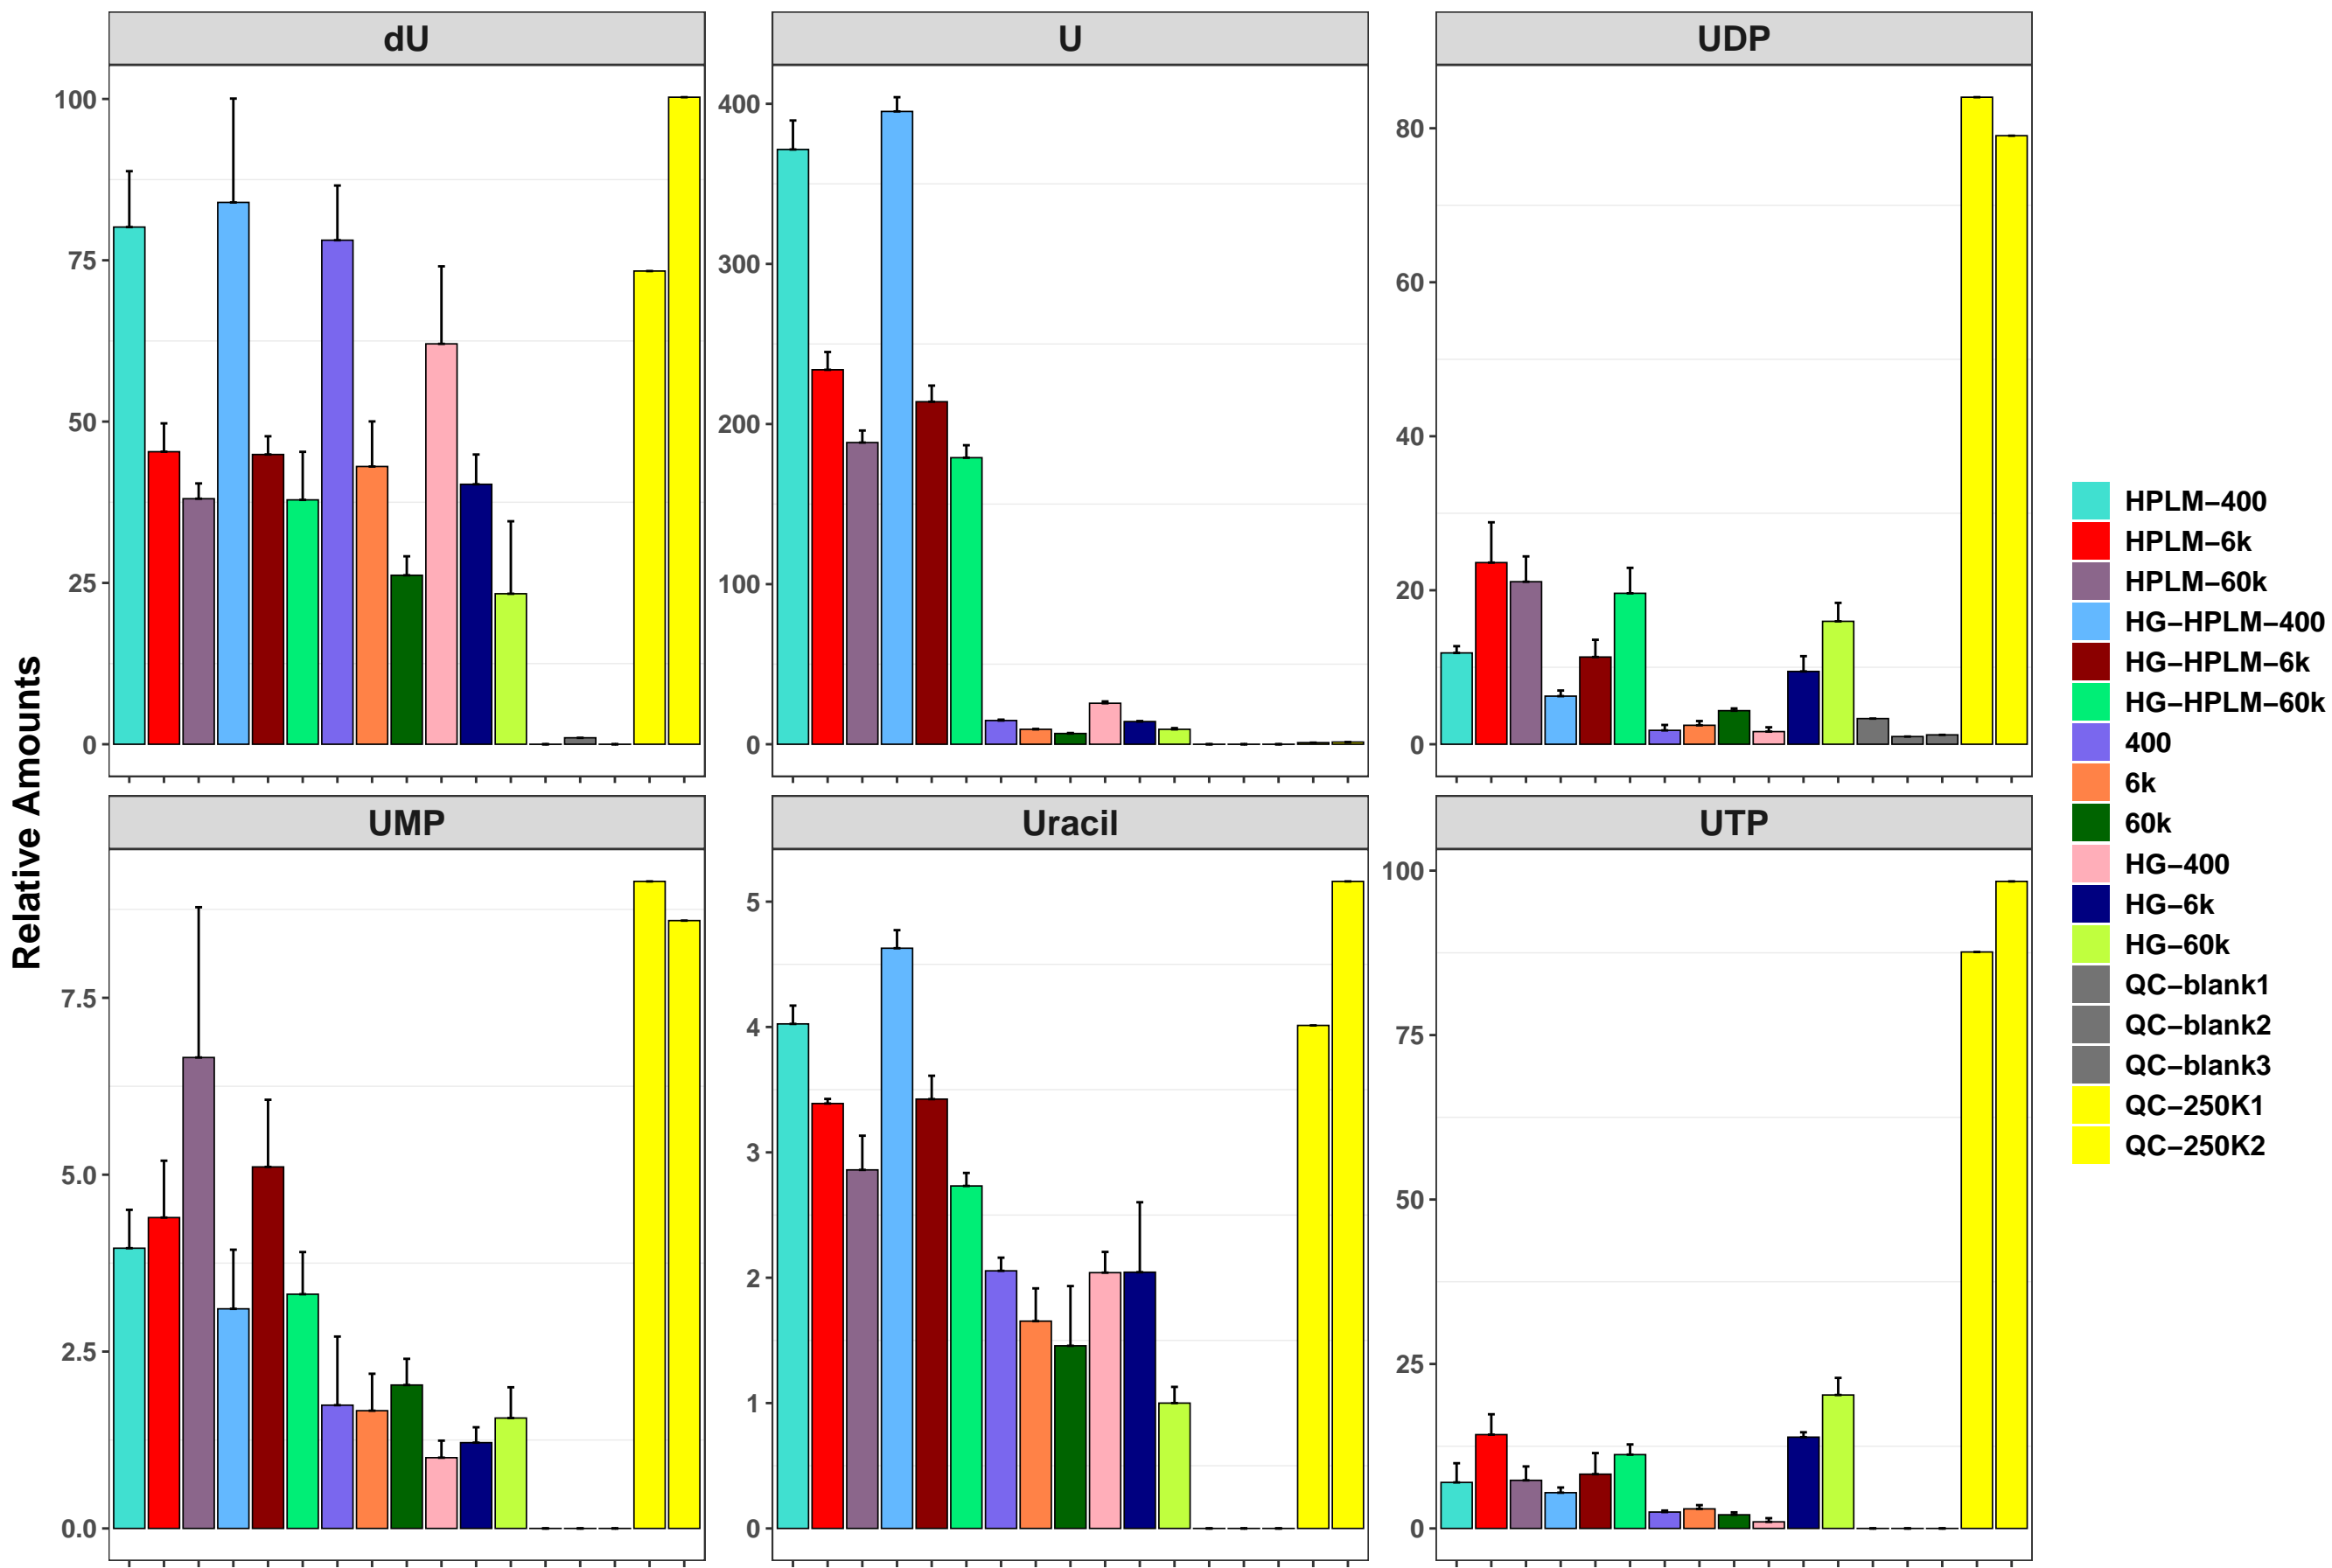

Relative amounts of Guanine derivatives

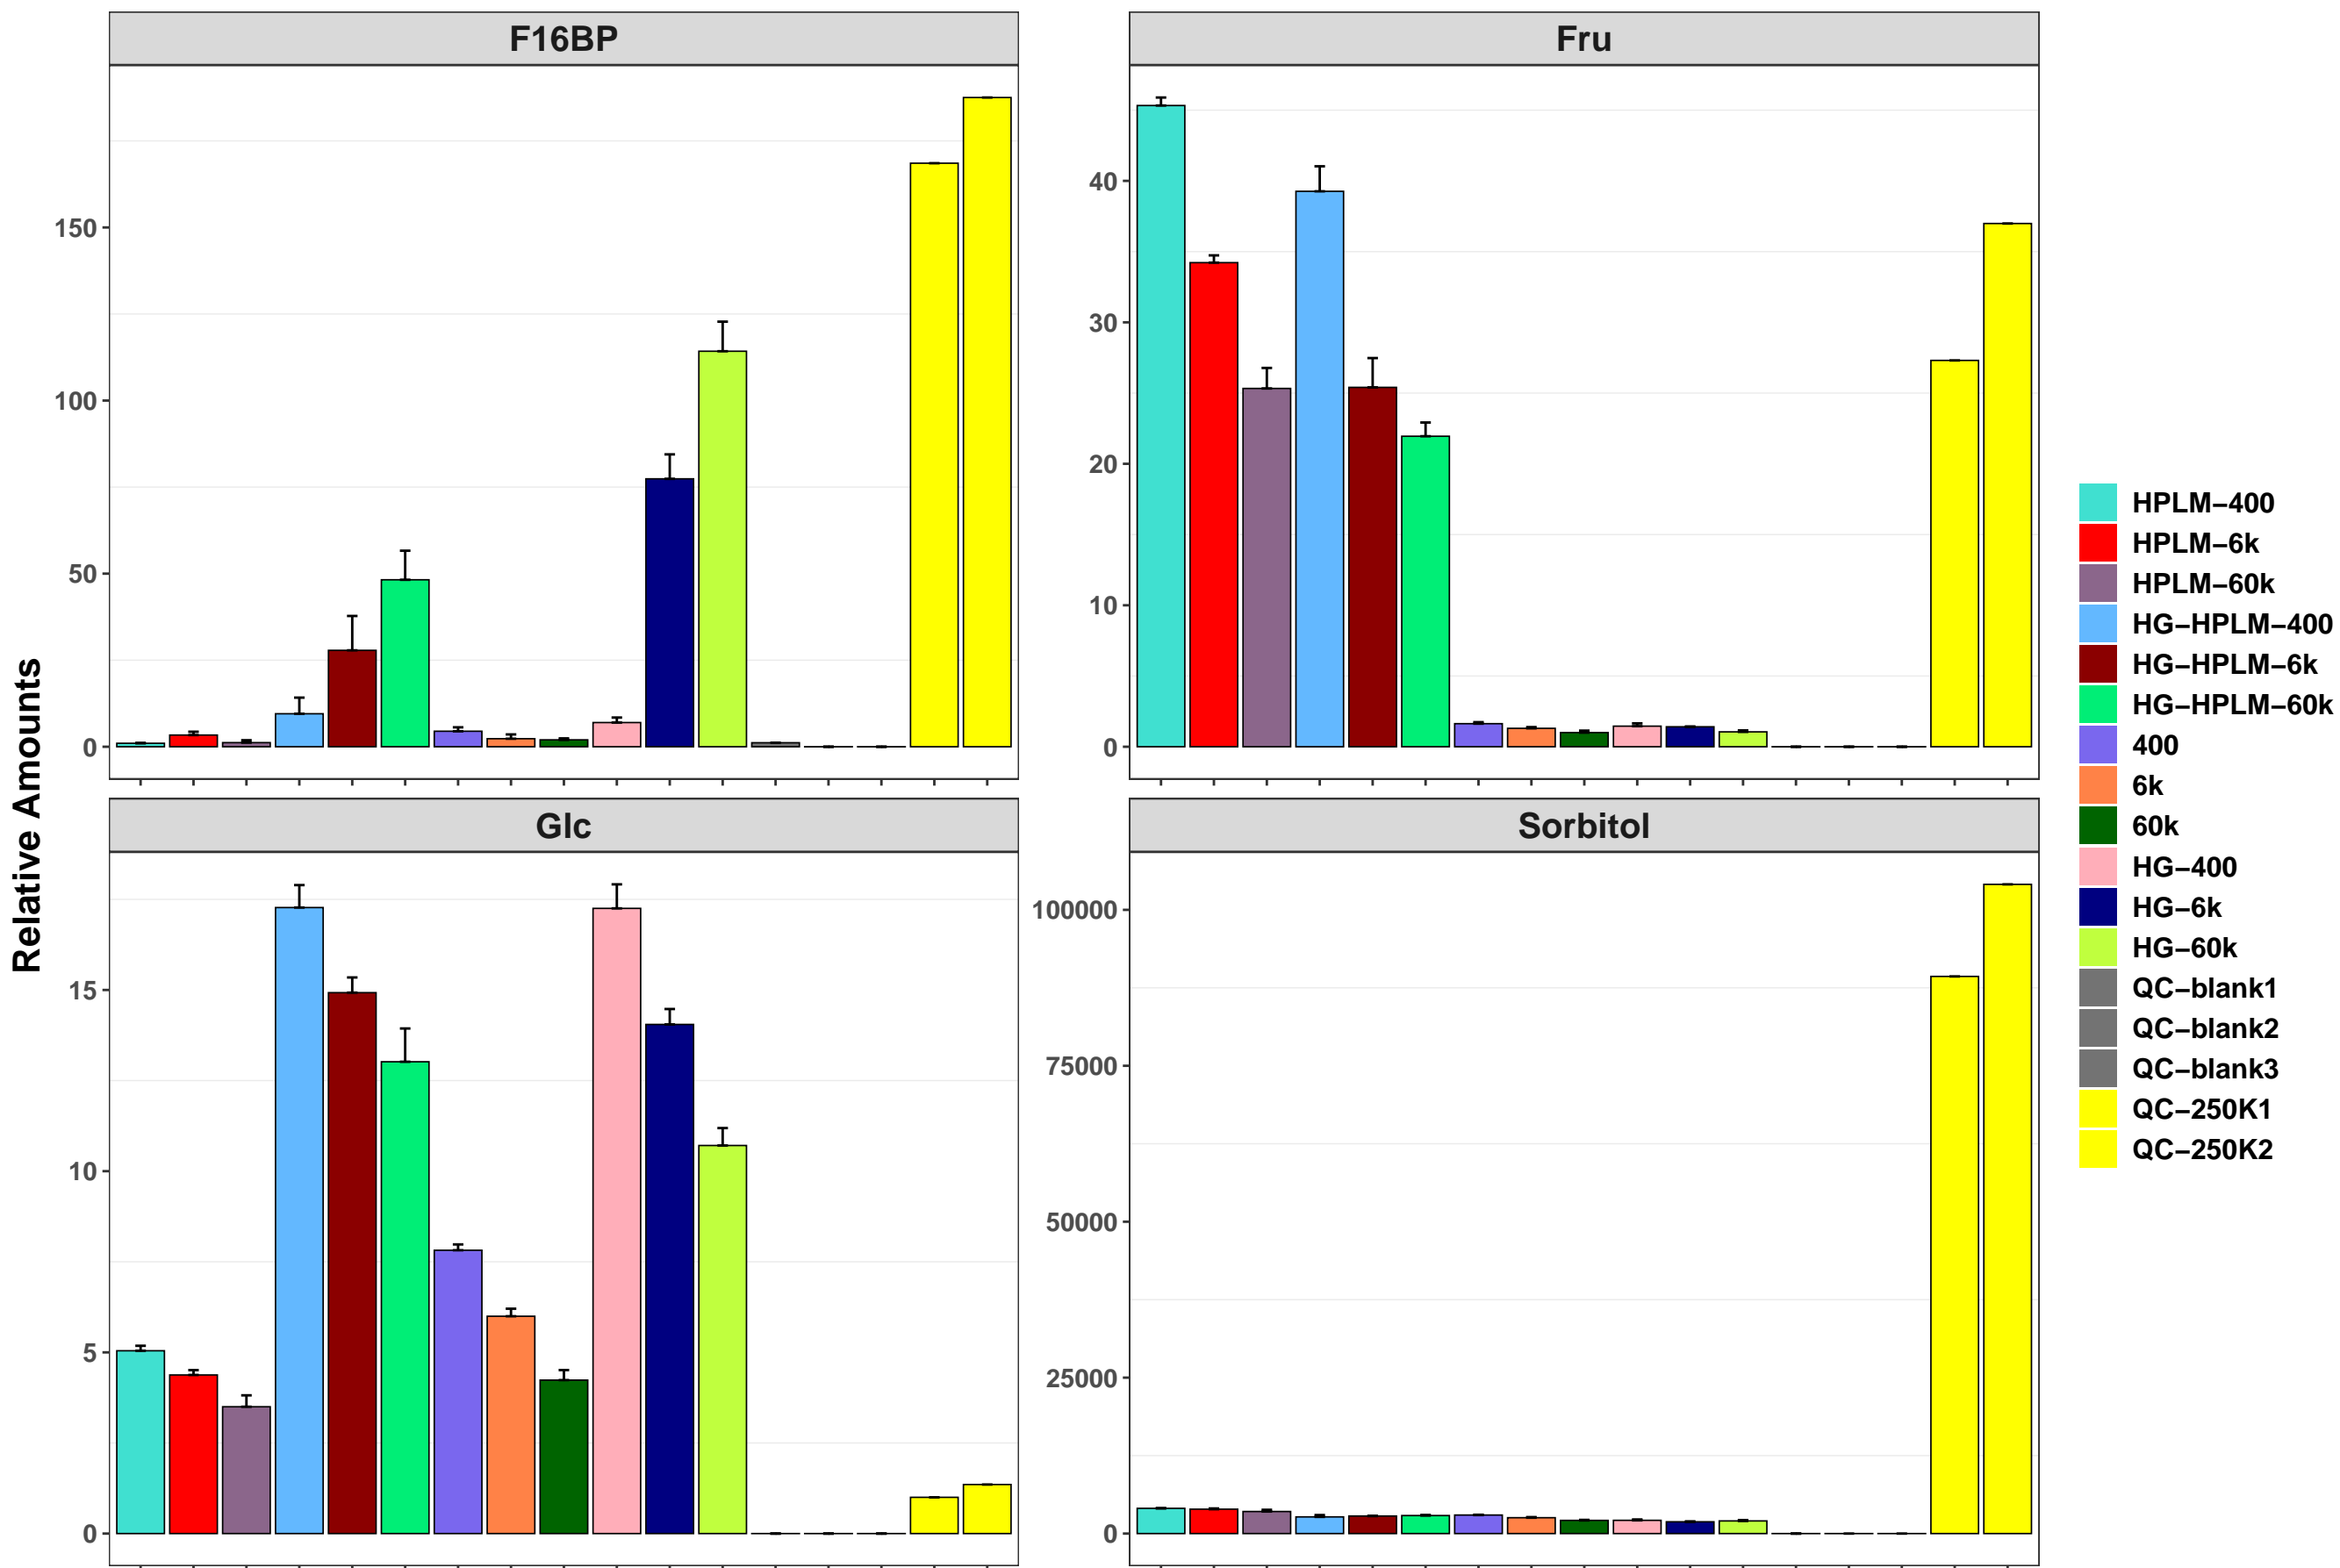

Relative amounts of Thymine derivatives

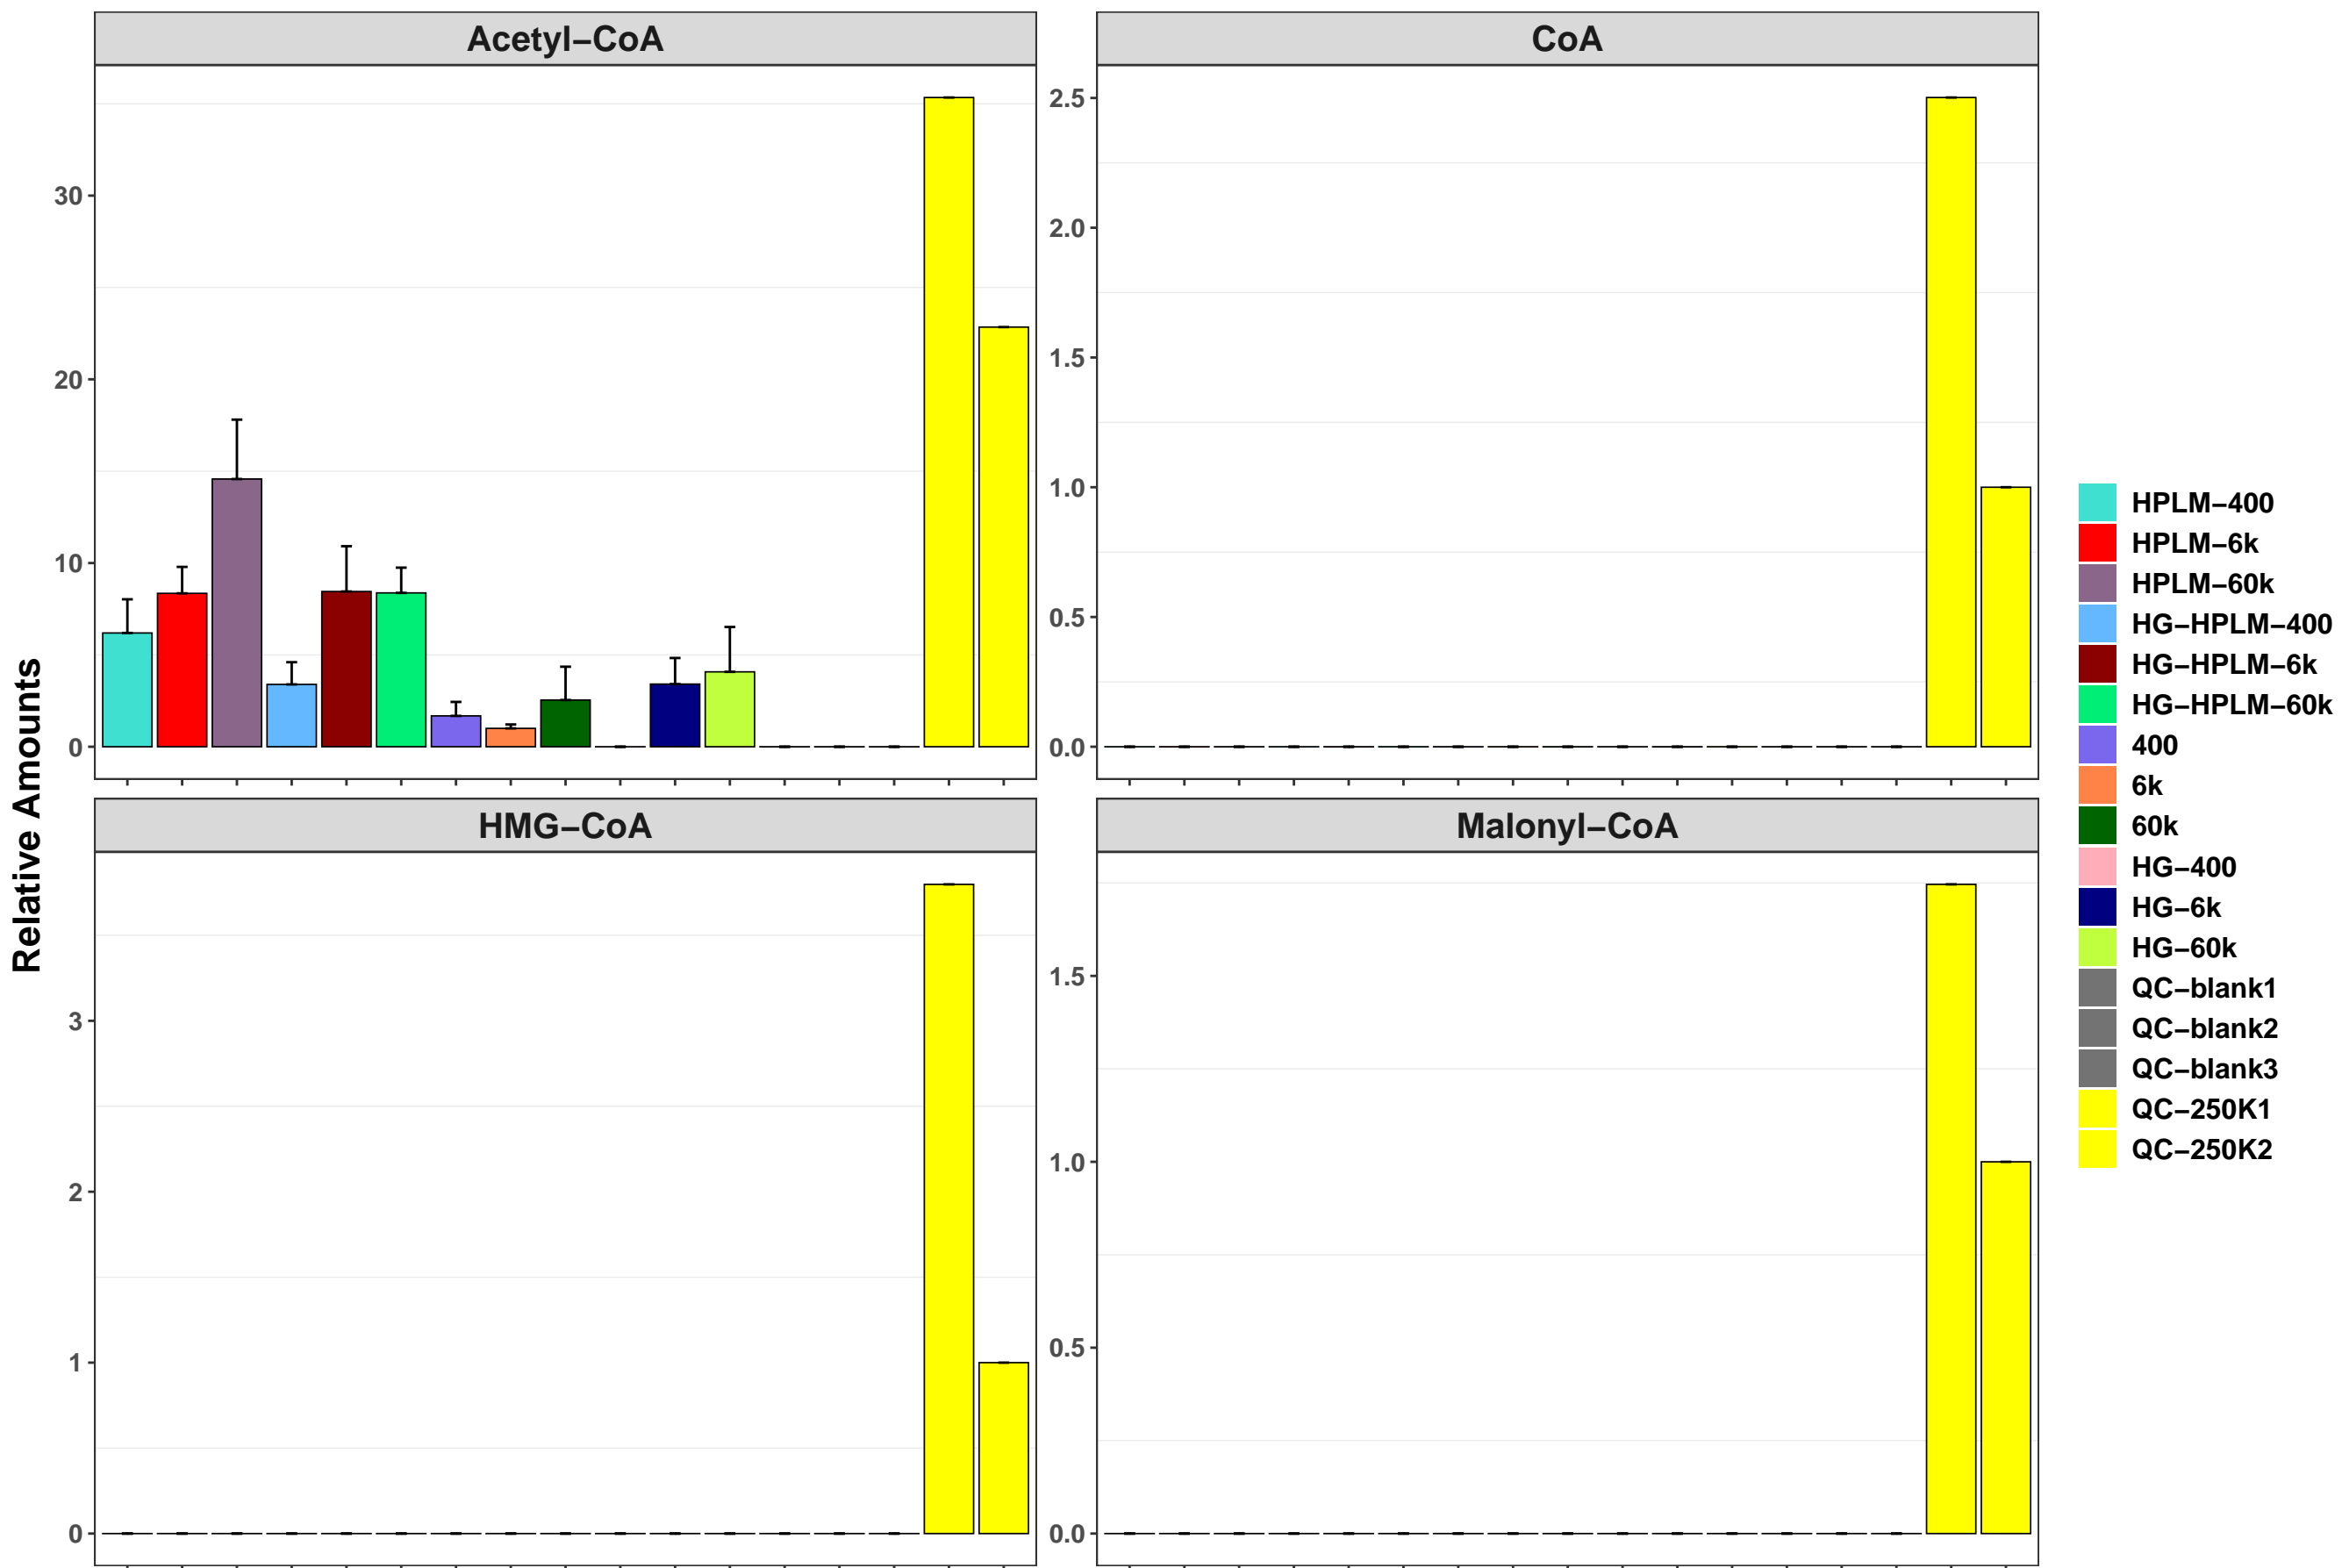

Relative amounts of Uracil derivatives

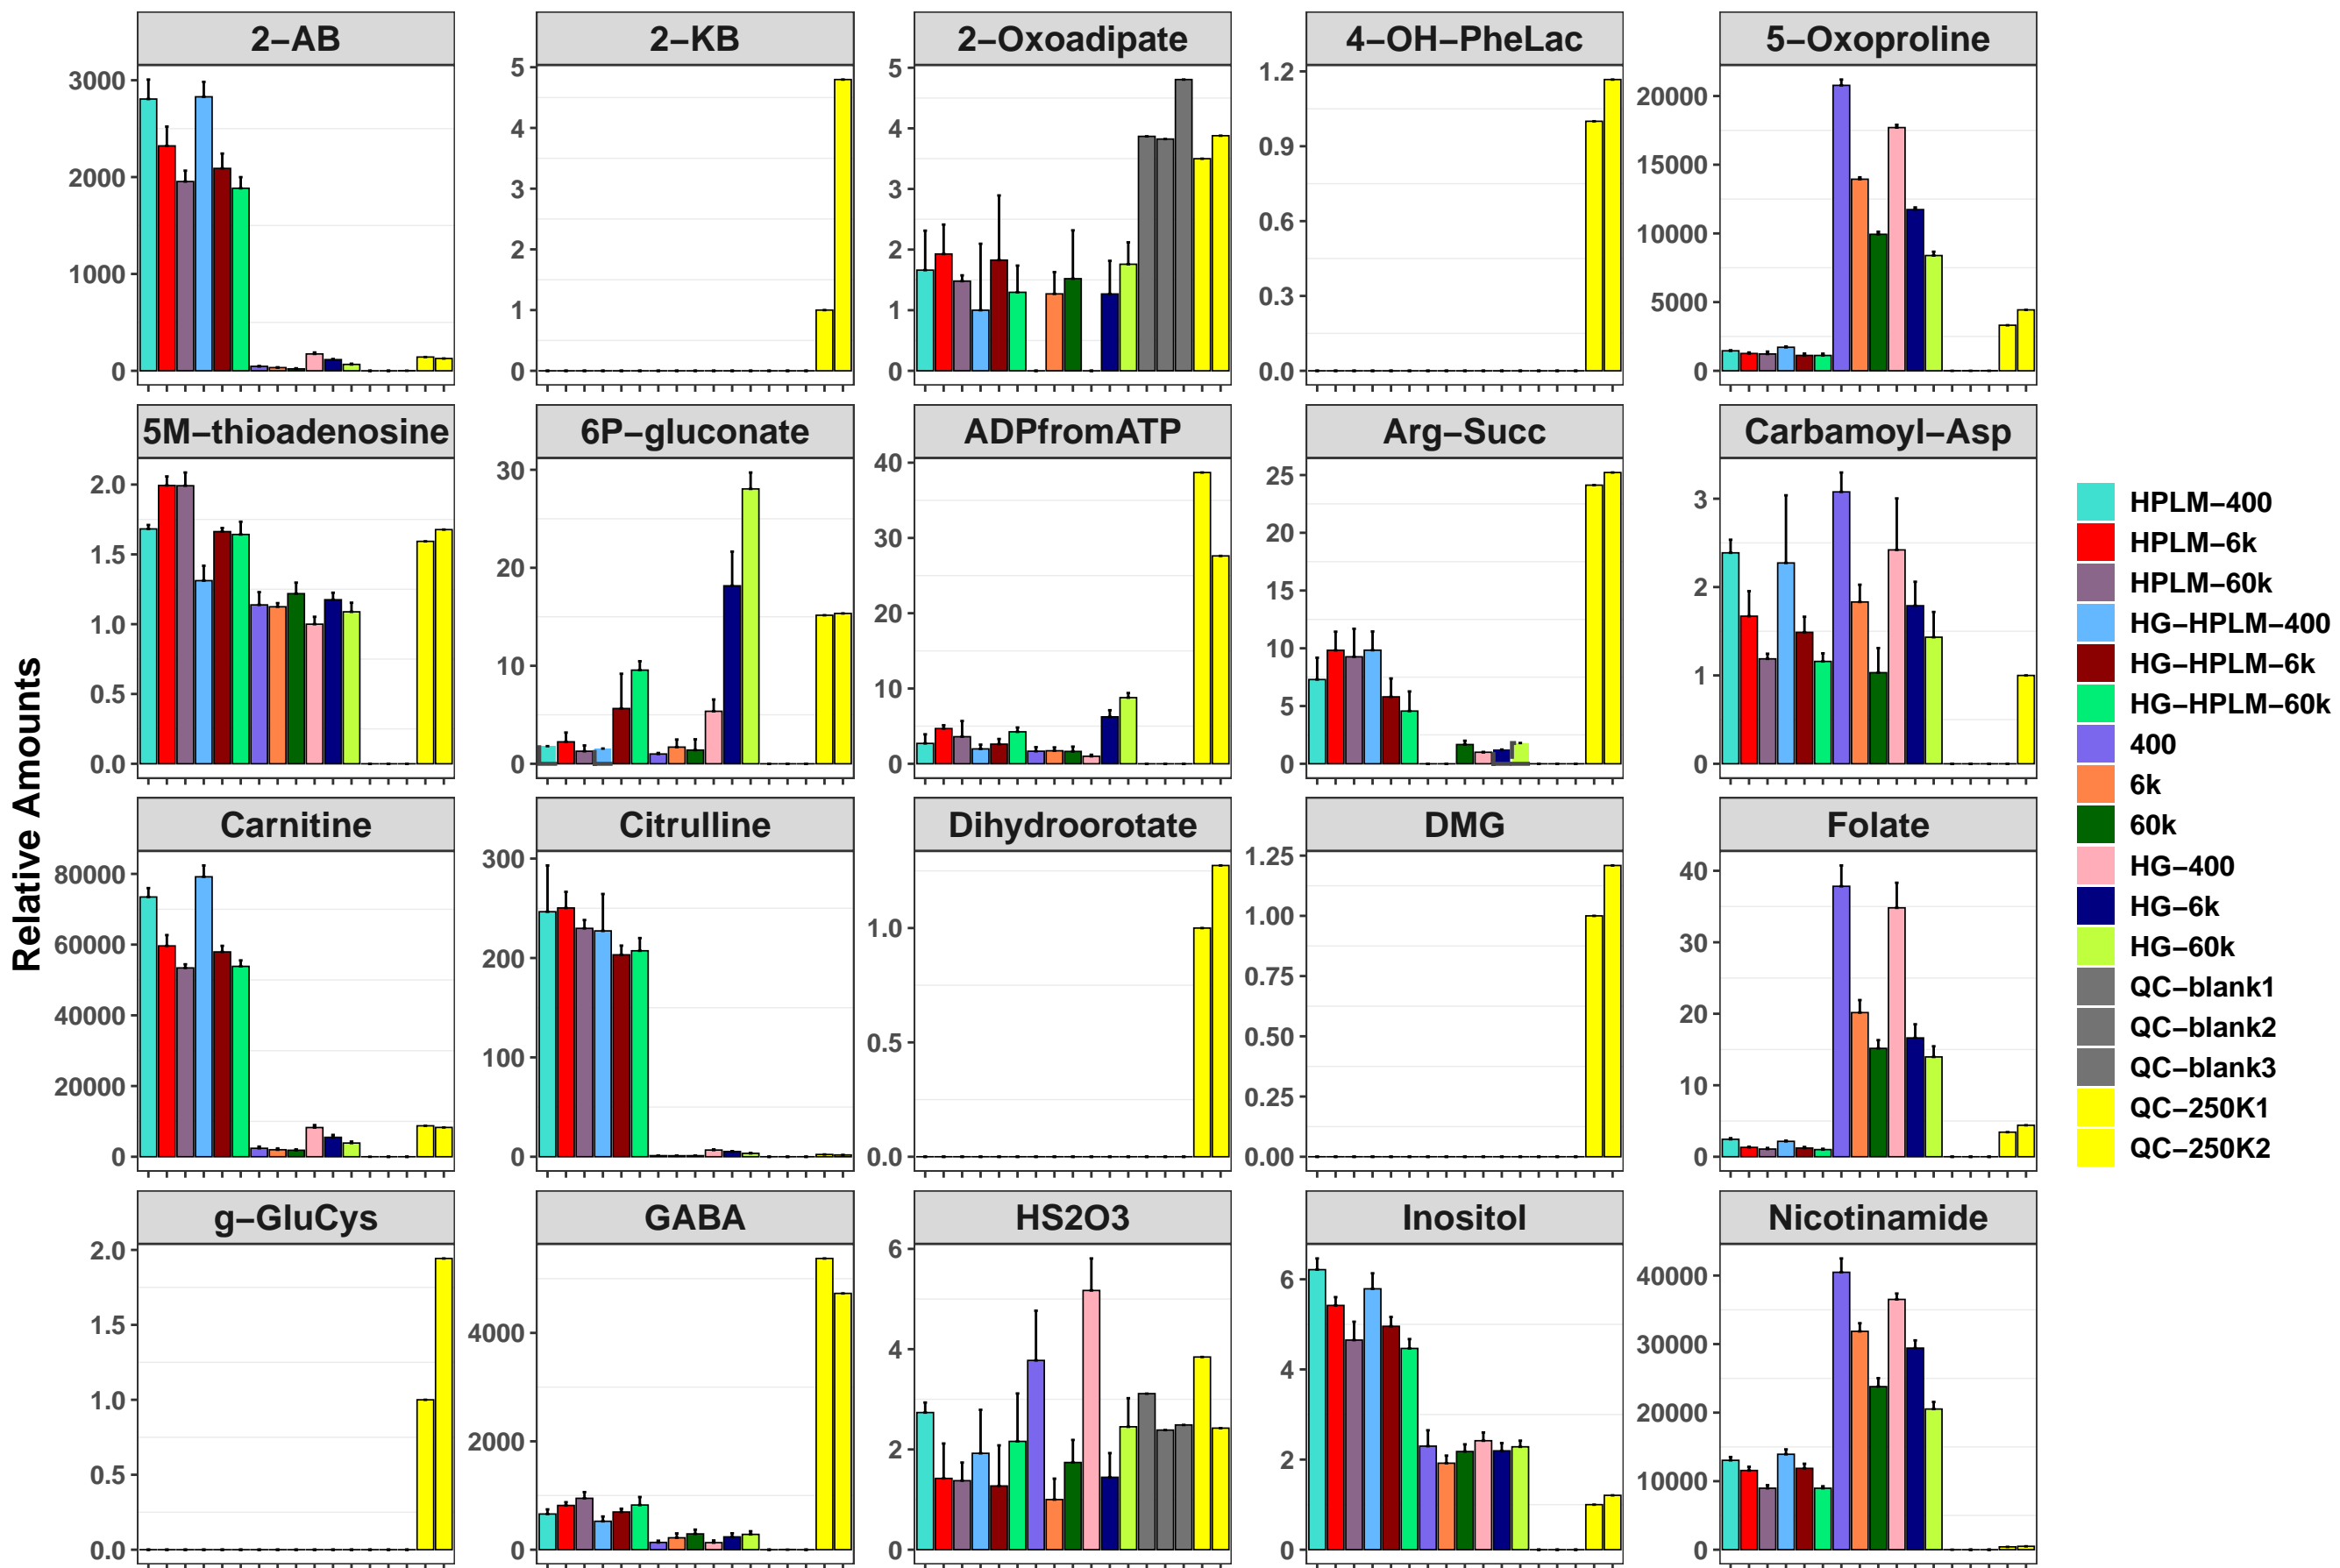

Relative amounts of Fructose Metabolism

Relative amounts of CoA metabolism

Relative amounts of other metabolites – I

Relative amounts of other metabolites – II
